LEGAL NOTICE

Notice is hereby given that at the present Regular Session of the Legislature of Alabama of 1967, which is now in session, application will be made for the adoption of the law contained in the following bill:

A BILL TO BE ENTITLED AN ACT

To further amend Act No. 497 of the Regular Session of the Legislature of Alabama of 1965, approved August 20, 1965, (Ala. Acts, 1965, p. 717 et seq.)

Be It Enacted by the Legislature of Alabama:

Section 1. It is hereby provided that Section 1 of Act No. 497 of the Regular Session of the Legislature of Alabama of 1965, approved August 20, 1965, (Ala. Acts, 1965, p 717 et seq.) is amended so as to read as follows:

Section 1. Definitions: In this Act words used in the masculine gender shall include the feminine and neuter gender and words used in the neuter gender shall include the masculine and feminine genders. The following words, terms and phrases wherever used in this Act, shall have the meaning respectively ascribed to them in this Section unless the context plainly indicates a contrary meaning. (a) the term "the system" shall mean The General Retirement System for Employees of Jefferson County established by this Act. (b) The term "the previous retirement systems" shall include the retirement systems established by Act No. 551 of the Legislature of Alabama of 1953, (Ala. Acts 1953, pages 766 et seq.), as amended, or by Act No. 843 of the Legislature of Alabama of 1961, (Ala. Acts, 1961, pages 1250 et seq.), as amended. (c) The word "Board" shall mean the Pension Board provided for in this Act to administer the retirement system. (d) the word "County" shall mean Jefferson County. (e) the word "employee" shall mean any person employed by the County at a wage or salary payable at regular intervals, including those in the classified service and those not in the classified service according to any civil service system in operation in said County; and provided, further, that a person shall be deemed to have been an employee of the County during all the period he served as an employee of a License Inspector prior to the time a retirement system became operative in the County not exceeding twenty (20) years whether such service was under the State of Alabama or under the County; and a person shall be deemed to have been, or to be, an employee of the County while he was serving, or while he shall serve, as the Solicitor of the Court of Juvenile and Domestic Relations of the County, the Solicitor of the Jefferson County Criminal Court or as a deputy appointed by the Circuit Solicitor serving in the County; and a person shall be deemed to have been, or to be, an employee of the County while he was serving, or while he shall serve, as an employee of the Cooperative

Extension Service of the State of Alabama, provided he was receiving or shall be receiving monthly compensation from the County for service performed by him as such employee; and any person elected or appointed to a job or position with or for the County, whose compensation was paid, or shall be paid, in whole or in part, by said County, shall be deemed to have been, or to be, an employee of the County while occupying such job or position; provided, however, that the word "employee" shall not include any person who is appointed or elected as a member of any board or commission of the County the service on which board or commission does not require full time service for the County or the members of which said board or commission receive no compensation except for meetings attended by them. (f) The term "officer" shall include any person occupying a County office in said County which is created by an Act of Legislature of Alabama, or is provided for by the Constitution of Alabama, and which requires regular fulltime service for said County, and the Circuit Solicitor serving in the County. (g) The word "member" shall include any person who is a member of the system provided for by this Act. (h) The term "paid membership time" shall include the time during which a member made, or shall have made, contributions to the fund of the system or to the fund of either of the previous retirement systems; provided, however, that if a member, on account of the termination of his service or for any other reason, withdraws contributions made by him to any pension fund, the period during which the contributions so withdrawn were made shall be considered as unpaid membership time, unless it is converted to paid membership time as hereinafter provided. Paid membership time shall include any unpaid membership time, as defined in subsection (i) of this Section which the member has converted into paid membership time by paying in to the fund of the system the amount he is required by this Act to pay thereto in order to convert unpaid membership time to paid membership time. Paid membership time shall also include service while one was on authorized military leave of absence from the County, provided, however, the County shall have paid into the fund an amount equal to twice the contributions which the one so absent would have made to the fund if he had not been absent on such leave and if his wages or salary had continued to be the same as he had been earning at the time of his leave. (i) The term "unpaid membership time" shall include the period during which a member has served, or shall have served, with the County and during which he has not made, or shall not have made, contributions to the fund of the system or to the fund of either of the previous retirement systems. The term "unpaid membership time" shall also include the time during which a person has been, or shall have been in the service of any municipality, governmental agency, or subdivision, provided that at the time said person served with such municipality, governmental agency, or subdivision it was subject to the countywide civil service law in effect in the County. Provided, however, that unpaid Membership time shall not include any unpaid membership time after the same has been converted to paid membership time. (j) the term "eight hundred dollar proviso" shall mean the provisions contained in Section 9 of this Act which accord any person who is a member of the system on the effective date of this Act the option to subject to the salary deductions provided for in said Section 9 all salary earned by him from the County not exceeding eight hundred (\$800.00) dollars per month, including salary earned by him prior to exercising such option. (k) Subject to the limitations and conditions hereinafter specified in this subsection (k) the term "basic average salary" shall mean the average of the monthly salary paid to the member by the County over that period of sixty (60) consecutive months of his paid paid membership time during which his average monthly salary was higher than any other period of sixty (60) consecutive months of his paid membership time. In determining a member's basic average salary, only that part of his average salary which was, or shall be, subject to deductions for pension purposes under the provisions of

Section 9 of this Act shall be considered; provided, however, that if a member elects under the provisions of Section 9 to make the eight hundred dollar proviso apply retroactively to any period of his service, then for the purpose of determining his basic average salary he shall be deemed to have received during that period to which his said election retroactively applies all salary actually paid him not exceeding salary at the rate of eight hundred dollars (\$800.00) per month. The salary received by a member during his unpaid membership time shall be considered in determining his basic average salary only to the extent that his unpaid membership time has been converted into paid membership time under the provisions of Section 9 of this Act. Separate periods of paid membership time may be tacked and considered as consecutive within the meaning of this subsection (k) if the member does not have in his favor any paid membership time between the periods so tacked.

Section 2. Section 9 of Act 497 of the Regular Session of the Legislature of Alabama of 1965, approved August 20, 1965, (Ala. Acts, 1965, p 717 et seq.), as heretofore amended, is hereby further amended so as to read as follows:

Section 9. Method of Financing. (a) Salary Deductions. Every member of the system shall pay to the retirement fund contributions in the form of salary deductions as hereinafter provided, withheld from the monthly salary paid him by the County. Upon a person becoming a member of the system subsequent to September 2, 1966, all the salary paid to him by the County shall be subject to the said deductions in the amount of six percent (6%) of his salary. Upon a person becoming a member of the system subsequent to the effective date of this Act and subsequent to September 2, 1966, all the salary paid to him by the County not exceeding salary at a rate of eight hundred dollars (\$800.00) per month shall be subject to the said deductions of six percent (6%) of his monthly salary, unless, within the time and in the manner hereinafter prescribed, he elects to become subject to the total salary proviso in accordance with the provisions of subsection (d) of this Section 9, in which event all of his salary shall become subject to said deductions of six percent (6%) in accordance with said subsection (d). If a person belongs to the system on the effective date of this Act, then no part of his salary in excess of four hundred dollars (\$400.00) per month shall be subject to the said deductions unless, within the time and in the manner hereinafter prescribed, he elects to become subject to the eight hundred dollar (\$800.00) proviso, in accordance with the provisions of subsection (c) of this Section 9, in which event all of the salary not exceeding eight hundred dollars (\$800.00) per month shall become subject to said deductions of six percent (6%) of his monthly salary paid to him by the County, in accordance with said subsection (c) of this Section 9; provided, further, that if within the time and in the manner hereinafter provided he elects to become subject to the total salary proviso in accordance with the provisions of subsection (d) of this Section 9, all of his salary shall become subject to the said deductions of six percent (6%), in accordance with said subsection (d). The County governing body is hereby directed to cause such deductions to be made each payroll period; and the aggregate amounts so deducted from the salaries covered by said payrolls shall be paid over to the Treasurer of the system. All such payments for salary deductions shall be deposited in the retirement fund hereby created. (b) County Contributions. (1) Each payroll period an amount equivalent to that deducted from the members' salaries shall be contributed by the County and shall be paid into the retirement fund of the County. (2) If any member, either before or after the effective date of this Act, shall have left the service of the County for the purpose of entering the service of the Armed Forces of the United States, and shall have been granted a military leave of absence for such purpose under the laws, rules and regulations governing the employees of the County,

and shall not have been dishonorably discharged from such Armed Forces and shall have been reinstated to the service of the County within ninety days after his separation from such Armed Forces, then the County shall promptly pay into the fund an amount equal to twice the contributions which the employee would have made if he had not been absent on such leave, and if his salary had continued to be the same as he was earning at the time of the commencement of his leave, provided, however, that no part of such payment by the County shall be refundable to the employee under any provisions herein for the return of employee contributions. (c) Any person who is a member of the system on the effective date of this Act may elect, within the time and in the manner hereinafter stated, to make all of his salary not exceeding eight hundred dollars (\$800.00) per month, including salary theretofore received by him, subject to the salary deductions provided for in this Section 9, or provided by the Acts governing the previous retirement systems. The provision of this subsection (c) according a member such option shall be known as the "eight hundred dollar" proviso. If a member elects to become subject to the eight hundred dollar proviso, within the time and in the manner hereinafter provided, then all of his salary not exceeding eight hundred dollars (\$800.00) per month shall be subject to the said deductions at the rate of six percent (6%) of his monthly salary commencing on the first day of the calendar month next succeeding the month in which he exercises said option. The eight hundred dollar (\$800.00) proviso shall not apply retroactively to the salary earned by him prior to his exercising said option, unless he expressly elects that the eight hundred dollar proviso shall have retroactive application; and then the eight hundred dollar proviso shall have retroactive application to only such period of time as the member elects. In order to make such election, the member shall state on a form furnished by the Pension Board, or by the Secretary of said Board, that he elects to become subject to the eight hundred dollar proviso; and if he elects to make the said eight hundred dollar proviso apply retroactively, he shall state the period for or during which the said proviso shall have retroactive application. If he elects to make the eight hundred dollar proviso apply retroactively to only a part of his prior service, then he shall subject to the retroactive effect of the eight hundred dollar proviso that period of his previous service during which his average monthly salary was higher than, or as high as, his average monthly salary during any other period of his previous service of the same duration as the period selected by him to be subject to the said eight hundred dollar proviso. Such election, both as to the future and retroactive application of the eight hundred dollar proviso, may be made at any time within six (6) months from the date on which this Act becomes effective. The election once made, shall be irrevocable. For the purpose of deductions from salary of a member who elects to make the eight hundred dollar proviso apply retroactively to any period of his service he shall be deemed to earn, or to have earned during all of the period for which he elects to make the eight hundred dollar proviso apply retroactively, salary at his actual rate of salary, but in no event, in excess of eight hundred dollars (\$800.00) per month. (d) The term "total salary proviso" shall mean the provisions contained in this subsection (d) of Section 9 of the Act which accord any person who is a member of the system on the effective date of this subsection (d) the option to subject to the salary deductions provided for in this Section 9 all salary earned by him from the County, including salary earned by him prior to exercising such option.

Any person who is a member of the system on September 2, 1966, may elect, within the time and in the manner hereinafter stated, to make all of his salary, including salary theretofore received by him subject to the salary deductions provided for in this Section 9 or provided for by Acts governing the previous retirement systems. If a member

elects to become subject to the total salary proviso, within the time and in the manner hereinafter provided, then all of his salary paid to him by the County shall be subject to said deductions at the rate of six percent (6%) of his monthly salary commencing on the first day of the calendar month next succeeding the month in which he exercises said option. The total salary proviso shall not apply retroactively to the salary earned by him prior to his exercising said option unless he expressly elects that the total salary proviso shall have retroactive application; and the total salary proviso shall have retroactive application only for such period of time as the member elects. In order to make such election, the member shall state, on a form furnished by the Pension Board or by the Secretary of said Board, that he elects to become subject to the total salary proviso; and if he elects to make the total salary proviso apply retroactively, he shall state the period for or during which the said proviso shall have retroactive application. If he elects to make the total salary proviso apply retroactively, on a part of his prior service, then he shall subject to the retroactive effect of the total salary proviso that period of his previous service during which his average monthly salary was higher than, or as high as, his average monthly salary during any other period of his previous service of the same duration as the period selected by him to be subject to the said total salary proviso. Such election, both as to the future and retroactive application of the total salary proviso may be made at any time within six (6) months from September 2, 1966. The election once made shall be irrevocable. For the purpose of deductions from salary of a member who elects to make the total salary proviso apply retroactively to any period of his service he shall be deemed to earn, or to have earned during all of the period for which he elects to make the total salary proviso apply retroactively, salary at his actual rate of salary. (e) In the event a person leaves the service of the County and thereafter re-enters the service, upon his returning to the system his salary in excess of that amount of his salary which was subject to the said deductions at the time he left the service of the County shall not be subject to deductions. (f) The term "deficiency of deductions" as used in this subsection (f) refers to a member's liability to the pension fund established by this Act resulting from his election to make the eight hundred dollar proviso or the total salary proviso apply retroactively as to him. If the member elects to make the eight hundred dollar proviso apply, such liability shall be an amount, together with interest thereon as hereinafter specified, equal to the difference between the two following sums:

The sum of the contributions (in the form of deductions from salary) the member would have made to the pension fund established by this Act and/or to the pension fund established by either of the previous retirement systems if at all times when he was a member of this system and/or either of the two previous systems during that period for which he elects to make the eight hundred dollar proviso apply retroactively all of his salary not in excess of eight hundred dollars (\$800.00) per month had been subject to deductions; and the sum of the actual contributions (in the form of deductions from salary) the member made to the pension fund established by this Act and/or to the pension fund of either of the two previous retirement systems while he was a member of this system and/or of the two previous retirement systems during that period for which he elects to make the eight hundred dollar proviso apply retroactively.

If a person was not a member of any pension system during some part of the period for which he elects to make the eight hundred dollar proviso apply retroactively, his liability as to the last mentioned part of said period shall be an amount, together with interest thereon as hereinafter specified, equal to the sum of the contributions (in the form of deductions from salary) he would have made to the pension fund

established by this Act during said part of his previous service if at all times during said part he had been a member of this system and as such had made contributions to the fund of the system.

If the member elects to make the total salary proviso apply, such liability shall be an amount, together with interest thereon as hereinafter specified, equal to the difference between the two following sums:

The sum of the contributions (in the form of deductions from salary) the member would have made to the pension fund established by this Act and/or to the pension fund established by either of the previous retirement systems if at all times when he was a member of this system and/or either of the two previous systems during that period for which he elects to make the total salary proviso apply retroactively all of his salary had been subject to deductions; and the sum of the actual contributions (in the form of deductions from salary) the member made to the pension fund established by this Act and/or to the pension fund of either of the two previous retirement systems while he as a member of this system and/or of the two previous retirement systems during that period for which he elects to make the total salary proviso apply retroactively.

If a person was not a member of any pension system during some part of the period for which he elects to make the total salary proviso apply retroactively, his liability as to the last mentioned part of said period shall be an amount, together with interest thereon as hereinafter specified, equal to the sum of the contributions (in the form of deductions from salary) he would have made to the pension fund established by this Act during said part of his previous service if at all times during said part he had been a member of this system and as such had made contributions to the fund of the system. A member's liability for deficiency of deductions consequent to his election to make the total salary proviso apply to him shall be reduced to the extent of any amount he has theretofore paid to the retirement fund to discharge his liability to the fund consequent to his election to make the eight hundred dollar proviso apply to him. (g) In determining a member's liability as to the deficiency of deductions, the rate of deductions to be applied during any period to which the eight hundred dollar proviso or the total salary proviso applies retroactively and during which period he belonged to one of the County pension systems shall be the rate of deductions prescribed by the act governing the system to which the member belonged at the time he earned the salary to which the deductions apply retroactively. The Pension Board shall determine the rate of interest members shall pay on, or with respect to, deficiency of deductions, taking into consideration the rate of interest earned by the pension funds established by the previous acts and also the rate of interest earned and expected to be earned by the pension fund established by this Act. When a member elects to become subject to the eight hundred dollar proviso or the total salary proviso, then at the end of each payroll period commencing in the first calendar month subsequent to his election to make the eight hundred dollar proviso or the total salary proviso apply, the County, in addition to the deductions from salary hereinabove provided for shall deduct from the salary of such member for each such payroll period an amount which shall be sufficient to discharge or pay in full his liability with respect to deficiency of deductions, and also his interest liability with respect thereto, within thirty (30) months from the first day of the calendar month subsequent to the month in which he exercises his said option. Any member so burdened with such deficiency of deductions and interest liability or balance thereof, may pay and discharge the same by directly paying to the fund the amount of such liability with respect to deficiency of deductions and with respect to interest liability. In the event such liability is not discharged, the Pension Board shall have the right to collect, or withhold, from any benefit or

pension payable to the member burdened with such liability, or payable to the widow or dependent of such member, such amount as may be necessary to discharge said liability in full. (h) This subsection (h) shall apply to every member of the system, whether he is a member on the effective date of this Act or whether he thereafter becomes a member. Any member of the system may elect, in the manner and within the time hereinafter specified, to convert all or part of his unpaid membership time to paid membership time. In order to make such election, he shall state on a form furnished by the Pension Board, or by the Secretary of said Board, that he elects to convert to paid membership time all of his unpaid membership time, or such part of his unpaid membership time as shall be designated by him on the said form; provided, however, that his right to elect to convert to paid membership time only a part of his unpaid membership time shall be subject to the limitations hereinafter specified. If a member elects to convert to paid membership time only a part of his unpaid membership time, the part so converted shall be for a continuous period; provided, however, that a member may tack one part of his unpaid membership time to another part of his unpaid membership time if he was not in the service of the County during the period of time between the two parts so tacked. If a member elects to convert to paid membership time only a part of his unpaid membership time, the part of the unpaid membership time so converted shall be that part of his unpaid membership time next preceeding his last paid membership time. A person who is a member of the system on October 1, 1967, shall make such election prior to April 1, 1968, in the manner herein prescribed. Any person becoming a member of the system subsequent to October 1, 1967, irrespective of whether he has been a member prior to that date, shall make such election within six (6) months from the date on which he becomes a member. If a person who is a member of the system ceases to be a member prior to the expiration of the period allowed him for making such option and thereafter re-enters the system he may make such election within six (6) months from the date on which he re-enters the system. Anything above to the contrary notwithstanding, an election to convert unpaid membership time into paid membership time, made by a person at any time after the adoption of this Act shall be irrevocable.

The term "deficiency of deductions" as used in this subsection (h) refers to a member's liability to the pension fund of the system resulting from his election to convert to paid membership time all or any part of his unpaid membership time. With respect to any unpaid membership time comprised of, or based upon, service with the County, a member's liability to the pension fund of the system shall be the sum of the following amounts, together with interest thereon, at such rate as may be prescribed by the Pension Board.

(1) For and during such part of a member's unpaid membership time during which neither of the previous retirement systems was in effect an amount equal to the sum of the aggregate deductions which would have been made from his salary during the said period if his salary during said period had been subject to deductions at the rate of six percent (6%); provided, however, that no part of his salary in excess of four hundred dollars (\$400.00) shall be considered except to the extent that he has elected to subject his salary retroactively to the eight hundred dollar proviso or the total salary proviso.

(2) For and during such part of a member's unpaid membership time during which either or both of the previous retirement systems was in effect, an amount equal to the sum of the aggregate contributions (in the form of salary deductions) which he would have made during said period had he been a member of either of the two previous retirement systems. If during any part of the period described in the next foregoing sentence both of the previous retirement systems were in

effect, then for the purpose of making the calculation prescribed in said sentence, that previous retirement system in respect to which the rate of deductions from salary was higher shall be considered; provided, however, that no part of his salary in excess of four hundred dollars (\$400.00) shall be considered except to the extent that he has elected to subject his salary retroactively to the eight hundred dollars proviso or the total salary proviso.

With respect to any unpaid membership time comprised of, or based upon, a member's prior service with a municipality or some division or agency (other than the County) subject to the Countywide civil service law, a member's liability to the pension fund of the system shall be an amount equal to the sum of the aggregate contributions which he would have made to the fund of the system during the said period, if he had been in the service of the country during the period and had been receiving from the County during all of said period the same salary he received during the first month of his membership in the system and if such salary had been subject to contributions to the fund of the system at the rate of six percent (6%).

A member electing to convert unpaid membership time to paid membership time shall discharge his liability with respect to deficiency of deductions, together with interest thereon, within the time and in the manner which this Section 9 provides that he shall discharge his liability with respect to the deficiency of deductions resulting from his election to become subject to the eight hundred dollar proviso or the total salary proviso. The Pension Board shall determine the rate of interest members shall pay on or with respect to their deficiency of deductions, taking into consideration the rate of interest earned by the fund of the previous retirement systems and also the rate of interest earned and expected to be earned by the fund established by this Act.

Any unpaid membership time converted to paid membership time under the provisions of this Section 9 shall be deemed to be paid membership time for the purpose of according a member the minimum paid membership time prescribed for a pension or for disability benefits. (i) When a member pays an amount for discharge of his liability as deficiency of deductions and interest thereon, resulting from his becoming subject to the eight hundred dollar proviso or the total salary proviso, or resulting from the conversion of unpaid membership time to paid membership time, the County shall pay to the Pension Fund the same amount paid to the fund by the member in discharge of his liability as to the said deficiency of deductions and interest thereon whether said amount paid to the fund by the member be paid in the form of deductions from his salary or be paid directly by the member to the fund.

Section 3. Section 10 of the Act No. 497 of the Regular Session of the Legislature of Alabama, 1965, approved August 20, 1965, (Ala. Acts, 1965, p. 717), as heretofore amended, is hereby further amended so as to read as follows:

Section 10. Retirement for Superannuation. (a) Requirements. When any member of the retirement system established by this Act has not less than ten (10) years paid membership time, as defined in Section 1 of this Act, and has attained the age of sixty (60) years, he shall be eligible for retirement for superannuation but such retirement shall not be compulsory. Provided, however, that any member who has attained the age of fifty-five (55) years on January 1, 1962, and has made contributions to the system for a period of not less than five (5) years, and has attained the age of sixty (60) years shall be eligible for retirement for superannuation but such retirement shall not be compulsory. Any member shall be eligible for retirement for superannuation upon the completion of thirty (30) years or more of service with

the County, at least ten (10) years of which shall be paid membership time; provided, however, that if at the time of retirement such member has not attained the age of sixty (60) years, the amount of his monthly pension computed in accordance with the formula set forth in subsection (b) hereof, shall be reduced as hereinafter provided. Any member who is eligible for retirement and who desires to retire, shall be granted the benefits herein provided for upon a written application by himself, or, in the event he is mentally or physically incapacitated by someone acting in his behalf, upon application to be filed in the Office of the Pension Board.

Any member not entitled to voluntarily retire under the foregoing provisions who shall be involuntarily retired after having accumulated eighteen (18) years of service with the County, at least ten (10) of which shall be paid membership time, shall be entitled to receive a monthly pension computed in accordance with the formula set forth in subsection (b) hereof, the payment of which pension will commence at the time hereinafter stated; provided, however, that no member shall be entitled to such pension unless he pays into the fund of the system between the date of his retirement and the date on which the pension will commence the amounts hereinafter specified. The term "deferred pension", as used herein, means the pension provided for in the next foregoing sentence. If a member be involuntarily retired after having accumulated eighteen (18) years of service with the County, at least ten (10) of which years shall be paid membership time, and if he shall make the payments to the fund of the system hereinafter prescribed, payment of his deferred pension shall commence upon that date of the two following dates which first comes: (1) The date on which he attains the age of sixty (60) years; or (2) the date on which he would have completed thirty (30) years' service with the County, if instead of retiring he had continued in the service of the County; provided, however, that if at the time payment of the deferred pension commences he has not attained the age of sixty (60) years, the amount of his monthly pension computed in accordance with the formula set forth in subsection (b) hereof shall be reduced as hereinafter provided. No person shall be entitled to receive the deferred pension unless he pays to the fund of the system, between the date of his retirement and the date on which payment of the deferred pension is to commence, the amount hereinafter prescribed. In order to be entitled to receive the deferred pension, the member, during the period specified in the next foregoing sentence, shall pay to the retirement fund before the last day of each calendar month the sum of the following amounts: (1) The amount which would have been deducted from his salary and paid into the fund of the system during the month if he had continued to be employed by the County at the same salary he was earning on the date of his retirement; and (2) the amount which the County would have paid to the system during the month to match his salary deduction for the month, if he had continued to be employed by the County at the same salary he was earning on the date of his retirement. In order to become entitled to the deferred pension a member so retired shall make the payments prescribed in the next foregoing sentence not later than the time prescribed in said sentence; but he may make all or any part of said payments in advance of the time prescribed in the said sentence.

Any member not entitled to voluntarily retire under the foregoing provisions who shall be involuntarily retired after having accumulated twenty (20) years of service with the County, at least ten (10) of which shall be paid membership time, shall be entitled to receive a monthly pension computed in accordance with the formula set forth in subsection (b) hereof, the payment of which shall commence upon his retirement if he is then as much as fifty-five (55) years of age, and if he is less than fifty-five (55) years of age when he retires the payment of such

pension shall commence upon his attaining the age of fifty-five (55) years. In order for a member to be entitled to the deferred pension provided for in the next foregoing sentence it shall not be necessary that any payments to the retirement fund be made by him for any period following his involuntary retirement.

No person shall be entitled to receive a deferred pension if his separation from the service of the County was due to his misappropriation of funds or property of the County, or to moral delinquency on on his part.

(b) Benefits. If upon a member retiring he is sixty (60) years of age or has previously attained his sixtieth (60th) birthday, he shall receive a monthly pension for the remainder of his life to be determined by the following formula:

(1) One and three-fourths percent ($1\frac{3}{4}\%$) of his basic average salary multiplied by the number of years of his paid membership time as shall not exceed thirty (30) years; plus

(2) One percent (1%) of his basic average salary multiplied by the number of years of his paid membership time in excess of thirty (30) years; plus

(3) One-half of one percent ($\frac{1}{2}$ of 1%) of his basic average salary multiplied by the number of years of his unpaid membership time.

In computing the amount of benefits under the foregoing formula, the Board may disregard a fractional part of a year of paid membership time or unpaid membership time less than one-twelfth.

If a member shall have completed at least thirty (30) years service, ten (10) of which shall be paid membership time, but shall have not attained his sixtieth (60th) birthday on or before his date of retirement, he shall receive a monthly pension payable for the remainder of his life to be determined by multiplying the monthly benefits determined in accordance with the formula set forth above by the percentage factor shown in the following schedule corresponding to the age of such member on his last birthday preceding date of his retirement.

S. 40. To further amend Section 107 of Title 13, Code of Alabama (1940), to fix the compensation of the clerk of the court of appeals, and to appropriate funds for carrying out the provisions of this act.

This bill sets the pay range of the clerk of the Court of Appeals same as that of Attorney 111.

This bill appropriates \$4,000.00 from the State General Fund for the fiscal year 1966-67.

H. 650. To create a board of trustees to manage and control Florence State College; to prescribe the powers, duties, authority, and compensation of the board; to provide for the appointment and prescribe the term of office of members thereof; to divest the state department of education of all jurisdiction, power and authority with respect to the supervision, management and control of said college; and to provide for the transfer from said state department of education to the board of trustees of Florence State College of all supplies, funds, books, documents, records and other property or effects of such college.

S. 102. To make appropriations for support and maintenance of the Tuskegee Institute, located in Macon County.

LEGAL NOTICE

Notice is hereby given that at the 1967 Regular Session of the Legislature application will be made for adoption of an Act which will be as follows:

AN ACT

To amend Act No. 79 of the Special Session of the Legislature of Alabama of 1966, approved August 17, 1966, (Ala. Acts, 1966, Special Session, p. 106, et seq.) providing in Jefferson County for the creation and maintenance of districts for fighting or preventing fires, districts for the collection and disposal of garbage and districts for both of aforesaid purposes.

Be It Enacted by the Legislature of Alabama:

Section 1. It is hereby provided that Section 11 of Act No. 79 of the Special Session of the Legislature of Alabama of 1966, approved August 17, 1966, is amended so as to read as follows:

Section 11. The district shall constitute a public corporation, which shall have the power to do any and all acts or things necessary and

convenient for carrying out the purposes for which it is created including, but not limited to: To sue and be sued. To have a seal and alter the same at pleasure. To acquire, hold and dispose of property, real and personal, tangible and intangible, or interests therein and to pay therefor in cash or on credit, and to secure and procure payment of all or any part of the purchase price thereof on such terms and conditions as the board shall determine. To acquire, own, operate, maintain and improve a system or systems. To pledge all or any part of its revenues, or mortgage, or otherwise encumber, all or any part of its property for the purpose of securing the payment of the principal of and interest on any of its obligations. To sell, lease, mortgage or otherwise encumber or dispose of all or any part of its property, as hereinafter provided. To contract debts, borrow money and to issue or assume the payment of obligations. To levy and collect service charges, as herein provided in this Act, subject to the limitations prescribed in said Act. To employ agents, servants, and attorneys. To perform any and all of the foregoing acts and to do any and all of the foregoing things under, through or by means of its own officers, agents, and employees, or by contracts with any person, federal agency or municipality.

The district shall be authorized to enter into a contract with any person, firm or corporation providing for such person, firm or corporation to collect service charges for the district. The contract shall fix the compensation to be paid to the person, firm or corporation for collecting the service charges.

The district shall be exempt from any sales tax or use tax levied by any law of the State of Alabama or by any ordinance of any municipal corporation or county.

Section 2. It is hereby provided that Section 12 of Act No. 79 of the Special Session of the Legislature of Alabama of 1966, approved August 17, 1966, is amended so as to read as follows:

Section 12. The expense of establishing and maintaining a district shall be paid for by the proceeds of a service charge which shall be levied and collected in an amount sufficient to pay said expense. Said service charge shall be levied upon and collected from persons and properties served by the system. Such charge shall be a personal obligation of the occupant of the property served by the system; and to secure the collection of the charge there shall be a lien against said property in favor of the district, which lien shall be enforceable by sale thereof in the same manner in which the foreclosure of a municipal assessment for public improvements is authorized.

The Board of Trustees may provide that upon a person being in default for more than sixty (60) days in paying any service charge due by him he shall be liable to pay any reasonable attorney's fee incurred by the district in its effort to enforce payment of the said service charge whether suit is filed or not.

Section 3. It is hereby provided that Section 13 of Act No. 79 of the Special Session of the Legislature of Alabama of 1966, approved August 17, 1966, is amended so as to read as follows:

Section 13. No service charge shall be levied unless the same has been first approved by the majority of the votes cast at an election held hereunder by the qualified electors residing within the district, or within the proposed district.

An election on the question of levying a service charge in a proposed district may be held at the same time that the election is held on the creation of the district, provided that the petition for the election

on the question of the service charge accompanies the petition for the election on the establishment of the proposed district, as is provided for in Section 4, above. An election on the question of a service charge may be held upon the Board of Trustees of a district submitting to the Probate Judge a petition for such election as hereinafter provided. The Board of Trustees shall file in the office of the Probate Judge a petition that he call an election in the district on the question of whether the service charges proposed by the Trustees shall be levied.

The petition shall state specifically the charge which it is proposed shall be levied. The petition may request that an election be held on more than one proposed charge. Upon the petition being filed with the Probate Judge, he shall order an election to be held within the time provided for by Section 5 above.

After a service charge has been levied the Board of Trustees shall have the authority, without any election, to make changes in the application of the charge by exempting property from the charge which was not exempt when it was levied or by subjecting property to the charge which was not subject to the charge when levied; but the Board of Trustees shall not have authority to change the rate of the charge.

Section 4. It is hereby provided that Section 14 of Act No. 79 of the Special Session of the Legislature of Alabama of 1966, approved August 17, 1966, is amended so as to read as follows:

Section 14. (a) Subject to the limitations hereinafter stated, if a district is annexed to a municipal corporation, the district shall thereupon be dissolved. When any portion of a district is annexed to or by a municipal corporation it shall thereupon cease to be a part of the district. When a district is dissolved, as aforesaid, or when any portion of a district discontinues being a part of a district, as aforesaid, such dissolution, or such discontinuance, shall not impair the obligation of any person to the district which accrued prior to such dissolution or such discontinuance; and such dissolution or such discontinuance shall not affect the lien of the district against any property for obligations owed to the district at the time of such dissolution or such discontinuance. When a district is dissolved, as aforesaid, the Board of Trustees shall continue to exist for such period of time as shall be necessary to dispose of the property and assets of the district, as provided for in Section 15, below, and to otherwise wind up the affairs and business of the district. (b) A district may be enlarged in accordance with the terms of this Section 14, provided, however, that no area lying within a municipality at the time of the enlargement shall be brought within the district. (c) No area shall be brought within a district by enlargement unless the majority of the votes cast at the election provided for by subsection (d), below, approve the inclusion of the area within the district and also approve the inclusion of the area within the district and also approve every service charge in effect within the district at the time of the election. (d) The term "proposed area", as used in this subsection (d), means an area which it is proposed be brought within a district by enlargement of the district. When the Board of Trustees of a district determines that the inclusion of a proposed area within the district would be to the advantage of the district and also to the advantage of the majority of the inhabitants of the proposed area, the Board of Trustees may file in the office of the Probate Judge a petition that there be an election in the proposed area at which there shall be submitted to the qualified electors residing within the proposed area the question of whether the proposed area shall be included within the district and reduced as hereinafter provided. No person shall be entitled to receive the deferred pension unless he pays to the fund of the system, between the date of his retirement and the date on which payment of the deferred pension is to commence, the amount hereinafter prescribed. In order

to be entitled to receive the deferred pension, the member, during the period specified in the next foregoing sentence, shall pay to the retirement fund before the last day of each calendar month the sum of the following amounts: (1) The amount which would have been deducted from his salary and paid into the fund of the system during the month if he had continued to be employed by the County at the same salary he was earning on the date of his retirement; and (2) the amount which the County would have paid to the system during the month to match his salary deduction for the month, if he had continued to be employed by the County at the same salary he was earning on the date of his retirement. In order to become entitled to the deferred pension a member so retired shall make the payments prescribed in the next foregoing sentence not later than the time prescribed in said sentence; but he may make all or any part of said payments in advance of the time prescribed in the said sentence.

Any member not entitled to voluntarily retire under the foregoing provisions who shall be involuntarily retired after having accumulated twenty (20) years of service with the County, at least ten (10) of which shall be paid membership time, shall be entitled to receive a monthly pension computed in accordance with the formula set forth in subsection (b) hereof, the payment of which shall commence upon his retirement if he is then as much as fifty-five (55) years of age, and if he is less than fifty-five (55) years of age when he retires the payment of such pension shall commence upon his attaining the age of fifty-five (55) years. In order for a member to be entitled to the deferred pension provided for in the next foregoing sentence it shall not be necessary that any payments to the retirement fund be made by him for any period following his involuntary retirement.

No person shall be entitled to receive a deferred pension if his separation from the service of the County was due to his misappropriation of funds or property of the County, or to moral delinquency on his part.

(b) Benefits. If upon a member retiring he is sixty (60) years of age or has previously attained his sixtieth (60th) birthday, he shall receive a monthly pension for the remainder of his life to be determined by the following formula:

(1) One and three-fourths percent (1¼%) of his basic average salary multiplied by the number of years of his paid membership time as shall not exceed thirty (30) years; plus

(2) One percent (1%) of his basic average salary multiplied by the number of years of his paid membership time in excess of thirty (30) years; plus

(3) One-half of one percent (½ of 1%) of his basic average salary multiplied by the number of years of his unpaid membership time.

In computing the amount of benefits under the foregoing formula, the Board may disregard a fractional part of a year of paid membership time or unpaid membership time less than one-twelfth.

If a member shall have completed at least thirty (30) years service, ten (10) of which shall be paid membership time, but shall have not attained his sixtieth (60th) birthday on or before his date of retirement, he shall receive a monthly pension payable for the remainder of his life to be determined by multiplying the monthly benefits determined in accordance with the formula set forth above by the percentage factor shown in the following schedule corresponding to the age of such member on his last birthday preceding date of his retirement.

Age of Member on Last Birthday Preceding Retirement	Reduced Pension on Account of Retirement before Age 60 Expressed as a Percentage of the Pension which would have been payable at date of Re- tirement if the Member were then age 60

Before any distribution is made to a municipality of the amounts to be distributed to it under the provisions of paragraph (2) of Section 3 of this act, there shall be presented by the applicable municipality to the highway department a plan or plans for the use of the moneys so allocated to such municipality, and the highway department shall make such payment upon requisition by the municipality of moneys for the project with respect to which such plans are so presented to it. The highway department may offer the services and advice of its engineers and other employees with respect to the said plans when requested to do so by the municipality, but shall not have the right to refuse to pay any such requisition by the municipality so long as the project with respect to which the said plans are presented shall embrace only those purposes set out in the second paragraph of this section. Any funds allocated to a municipality by this act which shall not be requisitioned for withdrawal by such municipality pursuant to the provisions of this paragraph within two years after allocation shall thereupon be paid to the county. AN ACT

Be It Enacted by the Legislature of Alabama:

Section 1. As used in this act, the term "elected official" shall include mayors and members of the boards of commissioners and city and town councils of every incorporated municipality in Mobile County and shall also include the following officials of Mobile County: members of the County Commission, tax assessor, tax collector, treasurer, commissioner of license, judge of probate, judge of the Court of General Sessions, circuit clerk and sheriff. It shall not include any other elective positions in Mobile County. The term "covered office" shall include any one or more of the offices filled by elected officials.

Section 2. Each elected official who serves in a covered office or combination thereof for the number of years hereinafter set forth and who from the time the provisions of this act become operative as to him, contributes to the governmental unit which he serves, for the purpose of such retirement benefits, an amount equal to four (4%) per cent of the annual salary of the covered office in which he serves, shall be entitled to, and shall be paid, upon termination of his service and attainment of the age specified in Section 4 hereof, a retirement allowance based upon his average annual compensation for his ten highest-paid years while in covered office. The schedule of allowances shall be as follows:

- (a) For completion of sixteen years' service in a covered office or combination thereof40%
- (b) For completion of eighteen years' service in a covered office or combination thereof45%
- (c) For completion of twenty years' or more service in a covered office or combination thereof50%

Section 3. The contributions of such official provided for in Section 2 hereof shall be deducted from the salary of such official on each pay day in equal installments and paid into the general fund of the governmental unit which such official serves and with respect to elected officials in office at the time the provisions of this act become operative, shall commence beginning with the first month next following the date when the provisions of this act become operative as to them. Subsequently-elected officials, in order to be thus eligible, shall commence contributions upon taking office.

Section 4. Eligibility for the retirement benefits provided for in Section 2 above shall start when the person entitled thereto attains his 62nd birthday, if male, or her 60th birthday, if female. However, retirement benefits shall start for an eligible official earlier in the event of total and permanent disability of such official. Total and permanent disability means a physical or mental condition of an eligible official resulting from a bodily injury or disability or mental disorder which renders him incapable of engaging in an occupation or performing any work for profit, which disability shall be certified by one physician selected by

participant and one physician selected by the governing body of the political subdivision or subdivisions responsible for payment of the retirement benefit. If the physicians thus selected cannot agree, they shall select a third physician and the decision of the majority of the three shall be controlling. Provided further, that nothing contained in this act shall be construed to entitle a participant to a retirement benefit who has not served an aggregate minimum of sixteen (16) years in one or more of the elective offices as above defined, nor to entitle any participant to a retirement benefit while he is still in a covered office.

Section 5. The retirement benefits provided by this act shall be paid from the general funds of the governmental unit or units which paid the salary of the official during covered office. In the event that any entitled participant shall have served as an elected official of more than one such governmental unit within the county, each such governmental unit shall pay to the entitled participant its pro rata share of the total benefits to which he is entitled. The pro rata share to be paid by such governmental unit shall be determined as follows: The aggregate salary earned by the participant throughout his entire service in covered office with each governmental unit shall be ascertained; the proportion that these respective sums bear, separately, to the total salary earned by the participant while serving in covered office with all of the governmental units shall represent the proportion of the retirement benefit, as calculated pursuant to Section 2 hereof, which shall be paid by each governmental unit served by the participant. The governing body or bodies of the obligated governmental units shall order the payments provided in this act paid from their respective general funds, with the annual benefit to be paid in equal monthly installments not later than the tenth day of each month following the month for which the allowance is due.

Section 6. Nothing contained in this act shall be construed as making participation through contributions by elected officials as mandatory, but any such official who does not participate by contribution shall not be entitled to the retirement benefits provided by this act. Any elected official who commences contributions but who does not serve a total of at least sixteen (16) years as herein provided shall, upon his retirement or other separation from office, be entitled, or in the event of his death his personal representative shall be entitled, to a refund of the total amount of money, without interest, thus contributed by such elected official during his service, upon making verified claim therefor to the governing body or bodies of the affected governmental unit or units. In the event that any elected official begins to draw the retirement allowance to which he shall be entitled by the terms of this act and dies before withdrawing an amount equal to the total amount contributed by him during his covered service, the personal representative of such elected official shall be entitled to a refund of the remaining portion of the total amount so contributed by that elected official, without interest, upon making verified claim therefor to the governing body or bodies of the affected governmental unit or units. Any elected official who fails to make the contributions herein provided shall not thereafter be allowed to pay past accrued contributions in order to avail himself of the benefits afforded by this act.

Section 7. The provisions of this act are severable. If any part of the act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 8. The provisions of this act shall become operative as to elected officials holding countywide office only when approved by a majority of the qualified electors of the county voting in a referendum held for that purpose, and as to elected municipal officials, only when approved by a majority of the qualified electors of the affected municipi-

pality voting in a referendum held for that purpose. The first referendum for the county and all municipalities therein shall be held on the same day as the first countywide primary, general, or special election held in the county after the passage of this act. The county commission of Mobile County shall order and provide for holding the referendum on such date. Subsequent elections on the question may be ordered and provided for by the governing body of the county or any municipality at intervals of not less than one year if the county or such municipality fails to approve the act. Any election held hereunder shall be governed by the laws applicable to general elections held in Mobile County.

Section 9. All laws or parts of laws which conflict with this act are hereby repealed.

9. The state department of revenue shall charge Franklin County for collecting said special taxes herein levied a percentage of said taxes to be computed on the basis that the total cost of collecting the state sales and use taxes bears to the total of said state taxes collected for each fiscal year. A proportionate part of such charge may be deducted once each month from the special sales and use taxes collected before certifying the amount of special taxes due Franklin County. The commissioner of revenue shall pay into the state treasury all taxes collected under this Act, as such taxes are received by the department of revenue; and on or before the first day of each successive month (commencing with the month following the month in which the department makes the first collections hereunder), the commissioner shall certify to the state comptroller the amount of taxes collected under the provisions of this Act and paid by him into the state treasury for the benefit of Franklin County during the month immediately preceding the making of such certificate. Mr. Smith (P) offered the following substitute for the bill, S. 410:

A BILL
TO BE ENTITLED
AN ACT

Relating to counties having a population of not less than 65,000 nor more than 95,000 inhabitants, according to the last or any subsequent federal decennial census; prohibiting the sale of alcoholic beverages in certain places in such counties; prohibiting consumption of alcoholic beverages in certain places in such counties; levying a license tax on the sale or distribution of alcoholic beverages within the county in addition to all other taxes and licenses now imposed by law; creating a "Board of Control"; authorizing the Probate Judge to provide rules and regulations and administrative machinery for the enforcement and collection of the license tax levied under this Act; prescribing penalties for violation of the Act; and providing that the Act shall not be construed as authorizing or legalizing the sale of alcoholic beverages at any other places in such county in which a majority of the qualified electors of the county voting at a referendum held for that purpose have voted that the county shall be a dry county.

Be It Enacted by the Legislature of Alabama:

Section 1. This Act shall apply only in counties having a population of not less than 65,000 nor more than 95,000 inhabitants, according to the last or any subsequent federal decennial census.

Section 2. The term "private clubs" as used in this Act shall mean bona fide private non-profit organizations incorporated under the provisions of the Alabama Non-Profit Corporation Act of 1955 or under the provisions of Article 5, Title 10, Code of Alabama, 1940.

Section 3. It shall be unlawful for any person, firm, or corporation to sell or offer for sale any spirituous, vinous, or malt or brewed beverages in any county in which this Act applies except within the corporate limits of incorporated municipalities in said counties having a population of not less than 600 inhabitants according to the last or any subsequent federal decennial census.

Section 4. It shall be unlawful for any person, firm or corporation to sell or offer for sale any malt or brewed beverages in any establishment located within one mile of the boundary of the campus or grounds of any state owned college.

Section 5. It shall be unlawful to locate any state liquor store within one mile of the boundary of the campus or grounds of any state owned college.

Section 6. It shall be unlawful for any spirituous or vinous liquors to be sold other than in a State Liquor Store or private club licensed within the county.

Section 9. In addition to all other taxes and licenses now imposed by law, there is hereby levied a privilege or license tax on all persons, firms, and corporations, selling, distributing, or delivering to retailers within counties governed by this Act any malt or brewed beverage (including beer, lager beer, ale, porter, or similar fermented malt liquors containing one-half of one percent or more of alcohol by volume) which tax shall be in an amount equal to three cents (\$.03) on each twelve (12) fluid ounces or fractional part thereof sold or distributed within the county.

"The state" means the State of Alabama.

Section 2. Application of Act; Legislative Intent. This act shall apply to Madison County in the State of Alabama. It is the intention of the legislature by the passage of this act to provide for public highways, streets, and bridges in the county; and to accomplish that end, to require the services of a county engineer in the county and to provide for the distribution in the manner hereinafter specified of the tax proceeds allocated to or payable in the county pursuant to the provisions of either the highway gasoline tax distribution act or Section 713 of Title 51 of the Code of Alabama of 1940, as amended.

Section 3. Distribution of Those Portions of the Proceeds from the Highway Gasoline Tax Allocated to the County. All amounts allocated or apportioned during any month, pursuant to either of Sections 3 and 4 of the highway gasoline tax distribution act, to the county shall be disposed of as follows:

(1) The first \$50,000 of the amounts so allocated or apportioned to the county that may be received during any month shall be distributed to the county; and

(2) The remaining portion, received each month, of the amount so allocated or apportioned to the county shall be divided among and distributed to the county and each municipality therein on the basis of the ratio of the population of the unincorporated territory in the county and of each municipality therein to the total population of the county, according to the then next preceding federal census; provided, that if the amount paid to the county pursuant to the foregoing clause (1) in this section should be less than \$600,000 during any fiscal year commencing with the fiscal year ending September 30, 1968, then a deficiency [equal to the difference between \$600,000 and the amount paid to the county during the said fiscal year pursuant to the said clause (1)] shall

be deemed to exist in the payments to the county for that fiscal year and the entire remaining portion referred to in this clause (2) shall thereafter be distributed to the county, as collected and paid into the State Treasury, until such time as there shall have been paid to the county pursuant to this proviso [and subsequent to the fiscal year in which the county shall have received less than \$600,000 pursuant to the said clause (1)] an amount equal to the aforesaid deficiency.

The State Treasurer shall make all distributions under this section to the county and to the municipalities therein. The distribution provided for in this section shall be made in lieu of the distribution in the county that is provided for in Section 5 of the highway gasoline tax distribution act.

Section 4. Distribution of Those Portions of the Proceeds from the Motor Vehicle License Taxes Allocated to the County. Those portions of the net proceeds from the motor vehicle license taxes referred to in paragraphs (b) and (c) of Section 713 of Title 51 of the Code of Alabama of 1940, as amended, that are provided in the said paragraphs to be paid or allocated to the county and the municipalities therein shall be distributed as follows:

(1) Twenty-one percent of the net proceeds of the motor vehicle license taxes paid in the county shall be distributed by the license director among the county and each municipality therein on the basis of the ratio of the population of the unincorporated territory in the county and of each municipality therein to the total population of the county, according to the then next preceding federal census; and

(2) That portion of the net proceeds from the motor vehicle license taxes that shall be apportioned to the county by the State Treasurer pursuant to the first sentence of paragraph (c) of the said Section 713, as amended, shall be distributed by the State Treasurer among the county and each municipality therein on the basis of the ratio of the population of the unincorporated territory in the county and of each municipality therein to the total population of the county, according to the then next preceding federal census.

The distribution provided for in the foregoing paragraph (1) of this section shall be in lieu of the distribution in the county that is provided for in paragraph (b) of the said Section 713, as amended; and the distribution provided for in the foregoing paragraph (2) of this section shall be in lieu of the distribution in the county provided for in the second sentence of paragraph (c) of the said Section 713, as amended.

Section 5. Distribution to Municipalities Incorporated in the County after September 30, 1967. Any municipality incorporated in the county after September 30, 1967, shall not participate in the distribution provided for in this act until the fiscal year next succeeding the fiscal year during which it is incorporated, and each such municipality shall for the purpose of any computation under paragraph (2) of Section 3 of this act or under either of paragraphs (1) and (2) of Section 4 of this act, be deemed throughout the fiscal year during which it is incorporated to constitute unincorporated territory in the county. The population of any municipality incorporated subsequent to the taking of the then next preceding federal census shall be deemed, until the effective date of the then next succeeding federal census, to be the population shown by the census for that municipality taken pursuant to the requirements of Section 13 of Title 37 of the Code of Alabama of 1940.

Section 6. Effective Date of Census. For the purposes of this act, each federal census shall be deemed to be effective on the first day of October next following the publication of the results of any such census or, if no such publication is made, then on the first day of October next following the official report of such census.

Section 7. Use of Tax Proceeds Distributed Under This Act. All tax proceeds paid to the county pursuant to the provisions of this act shall be used by the county only for the construction, reconstruction, maintenance, widening, alteration and improvement of public roads and bridges, as is now or may hereafter be provided by law, including payment of the principal of and interest on any securities at any time issued by the county pursuant to law for payment of which all or any of the proceeds from the highway gasoline tax were or may be lawfully pledged, and such use may also be for the purpose and subject to the provisions contained in Act No. 838 adopted at the 1953 Regular Session of the Legislature; provided, that no part of the said tax proceeds shall be expended contrary to the provisions of the Constitution of the state.

All tax proceeds paid to any municipality pursuant to the provisions of this act shall be used by such municipality only for the construction, reconstruction, maintenance, widening, alteration and improvement of public roads, bridges, streets, and other public ways including payment of the principal of and interest on any securities at any time issued by the municipality pursuant to law for the payment of which any part of the said proceeds were or may be lawfully pledged; provided, that no part of the said tax proceeds shall be expended contrary to the provisions of the Constitution of the state.

Before any distribution is made to a municipality of the amounts to be distributed to it under the provisions of paragraph (2) of Section 3 of this act, there shall be presented by the applicable municipality to the highway department a plan or plans for the use of the moneys so allocated to such municipality, and the highway department shall make such payment upon requisition by the municipality of moneys for the project with respect to which such plans are so presented to it. The highway department may offer the services and advice of its engineers and other employees with respect to the said plans when requested to do so by the municipality, but shall not have the right to refuse to pay any such requisition by the municipality so long as the project with respect to which the said plans are presented shall embrace only those purposes set out in the second paragraph of this section. Any funds allocated to a municipality by this act which shall not be requisitioned for withdrawal by such municipality pursuant to the provisions of this paragraph within two years after allocation shall thereupon be paid to the county. Any plan or plans presented pursuant to the provisions of this paragraph may include work commenced prior to the effective date of this act if such work is still in progress on the date of the adoption of this act.

Section 8. County Engineer Required. The county shall provide the services of a county engineer to supervise the county's program of construction and maintenance of public highways, streets, and bridges.

Section 9. Effective Date of Act. This act shall become effective October 1, 1967.

And the substitute was adopted.

Mr. Pennington offered the following amendment to the bill, H. 894, as amended:

In Section 1, insert after the paragraph beginning with the words "Net proceeds of the motor vehicle license taxes" the following paragraph:

"Public Highway" means every highway, road, street, alley, lane, court, place, trail, drive, bridge, viaduct or trestle, located within a municipality or in unincorporated territory, and laid out or erected as such by the public or dedicated or abandoned to the public or intended for use by or for the public. The term public highway shall apply to and include driveways upon the grounds of universities, colleges, schools and institutions, but shall not be deemed to include private driveways, private roads, or private places not intended for use by the public.

Also, in Section 7, strike out the words "public roads and bridges" and insert "public highways"

Such study shall include a study of all laws relative to the taxation of oil and gas and of the oil and gas industry. The purpose of this study shall be to determine whether present laws of this state en-

courage the fullest recovery and most advantageous utilization possible of the oil and gas resources of the state, while at the same time safeguarding the interests of all parties having rightful claims to such oil and gas and encouraging the further development and improvement of the oil and gas industry in this state; and if not, what changes are needed in Alabama laws to accomplish such ends. The committee shall make a report of its findings, conclusions, and recommendations to the two houses not later than the fifth legislative day of the 1969 regular session; whereupon the committee shall be dissolved. The committee shall be composed of two Senators, appointed by the President of the Senate, and three members of the House of Representatives, appointed by the Speaker. The members of the committee shall elect a chairman and a vice-chairman from among their number. The first meeting of the committee shall be held at such time and place as the President of the Senate prescribes and thereafter the committee shall meet on the call of the chairman.

BE IT FURTHER RESOLVED That the members of the committee shall be entitled to receive their regular legislative compensation and allowances for each day while in attendance of committee meetings, when not drawing their regular legislative pay; and such committee is authorized to employ such clerical and technical assistants, including advisers and consultants, as it may deem necessary. And S. J. R. 35 was concurred in and adopted.

RESOLUTION

The following resolution was introduced:

By Messrs. Shumate, Adwell, Agee, Bank, Bassett, Beck, Berryman (R), Berryman (W), Blanton, Bowers, Brannan, Brassell, Burgreen, Cameron, Cherner, Collier, Collins (C), Collins (W), Cook (Coffee), Cook (Jefferson), Crane, Crawford, Culver, Dill, Dobbs, Doss, Downing, Drake, Edington, Ellis, Fine, Foshee, Gafford, Garrett, Gloor, Graham, Grayson, Hain, Hardin, Harper, Harris, Headley, Higginbotham, Hill, Hobbie, Hogan, Holladay, Holman, House, Jackson (F), Jackson (T), Kilgore, Laxson, Lemley, Lybrand, Malone, Marr, Mathews, Mays, McCorquodale, McDonald, McElhaney, McLain,

Meade, Meeks, Melton, Merrill, Money, Neville, Owen (Baldwin), Owens (W), Owens (W.E.), Paulk, Pearson, Pennington, Perloff, Pruitt, Sessions, Slate, Smith (C), Smith (P), Snodgrass, Springer, Starnes, Steagall, Stembridge, Stubbs, Tuck, Waggoner, Watkins, Williams, Wood, Wright, Yeilding and Young:

H. J. R. 87. WHEREAS the Speaker of the House of Representatives, The Honorable Ernest Rankin Fite, has served with outstanding ability and dedication in each house of the legislature of Alabama for many years. He was first elected to the Senate for the term 1947-1951, was elected to the House for two consecutive terms during the years 1951-1959 and served as Speaker of the House for the term 1955-1959. He did not seek reelection for the next subsequent term. Upon his return to the Legislature in 1963 as representative for the Ninth District, he was elected Speaker Pro tem of the House for the second time;

WHEREAS each member of this Legislature, and those who have served in years gone by are deeply indebted to our friend and mentor who has been most kind and helpful in steering us along proper legislative paths and, when possible, in helping us to avoid political pitfalls and pratfalls, into which we might have aimlessly tumbled but for his guidance. Speaker Fite's keen mind and thorough knowledge and experience in legislative processes have made his service to the State of Alabama invaluable, and his patient and courtly manner have saved the ego of many a fledgling legislator. Though he is a comparatively young man and will not celebrate his fifty-first birthday until September 1, he has in fact been both a father and mother to us. He has sheltered us like a mother hen, and has indeed become a legend in his time.

WHEREAS Rankin Fite is a man of many talents who has served his state well; he has been instrumental in instituting many far-reaching programs for the betterment of Alabama and has skillfully guided through many legislative sessions the necessary enactments making these programs possible. He has sometimes met with opposition and in effect may have said:

"Hush baby my dolly, I pray you don't cry
And I'll give you some bread and some milk by and by
Or perhaps a new school or new industry to start
Then to either you're welcome, with all my heart."

Speaker Fite has never lost sight of his ultimate goal, the good of Alabama. He is a man of unquestioned loyalty, and his ready wit and principles of fair play have won him the love and respect of his colleagues; now therefore:

BE IT RESOLVED BY THE LEGISLATURE OF ALABAMA, BOTH HOUSES THEREOF CONCURRING, That in all sincerity we are deeply grateful to our beloved friend and counselor, Speaker Fite, for his many kindnesses to us and for his patience and generosity in listening to our problems and giving us sound advice. We trust that he will accept this expression of our gratitude in the spirit in which it is intended as a small token of our appreciation of his assistance to us, because

When taxation is vexation
Then distribution is worse,
And proration is agitation
That's when we need a nurse.

On motion of Mr. Shumate the rules were suspended and H. J. R. 87 was adopted.

BILLS ON THIRD READING RESUMED

H. 898. To authorize and provide for transference to the board of trustees of the University of South Alabama of all functions, authority, powers, duties, funds, property, resources, and effects belonging to the Mobile County hospital board, a public corporation, to provide for dissolution of the corporation and for operation of Mobile General Hospital under the management and control of said board of trustees.

Was again taken up.

Mr. Smith (C) offered the following substitute for the bill, H. 898:

A BILL TO BE ENTITLED AN ACT

To authorize and provide for transference to the board of trustees of the University of South Alabama of all functions, authority, powers, duties, funds, property, resources, and effects belonging to the Mobile County hospital board, a public corporation, to provide for dissolution of the corporation and for operation of Mobile General Hospital under the management and control of said board of trustees.

Be It Enacted by the Legislature of Alabama:

Section 1. There shall be created and established a committee composed of three members of the Mobile County public hospital board (a corporation existing under the provisions of Act No. 46, S. 154, Regular Session 1949) who shall be named by the hospital board, and three trustees of the University of South Alabama, who shall be named by the board of trustees of the University, to take such actions and exercise such powers and authority as may be necessary to provide for transference to the board of trustees of the University of South Alabama the ownership of, and the responsibility for operating Mobile general hospital. As soon as the committee may find it practicable, the Mobile County public hospital board may turn over to the board of trustees of the University of South Alabama for operation, conduct and maintenance, the property, buildings, improvements and equipment used or employed in connection with the operation of Mobile General Hospital. And said hospital board shall execute such conveyances as may be necessary for such purpose, in such form and manner as the committee may prescribe.

Section 2. Upon the completion of the transfer provided for in Section 1, the board of trustees of the University of South Alabama shall have all the authority and powers, shall be charged with all the liabilities, duties and functions theretofore had by or required of the Mobile County public hospital board. The right to all of the funds, property, resources and effects of the Mobile County hospital board shall then be vested in the board of trustees of the University of South Alabama, and thereafter Mobile General Hospital shall be operated under the management and control of said trustees, and shall be named, designated and known as "University Hospital." The outstanding debts of the hospital board shall not become debts of the State of Alabama or of Mobile County or of any municipality in such county, but shall be payable solely from funds accruing to the board of trustees of the University of South Alabama on account of the transfer of Mobile General Hospital to such trustees as in this Act provided. The board of trustees of the University of South Alabama shall provide for the payment of such debts from sources from which they could have been paid by the Mobile County public hospital board; and the funds, property, resources and effects of said hospital board shall be liable for the payment thereof to the same extent and in the same manner that they were before such transfer. The board of trustees of the University of South Alabama is hereby specifically directed to perform all the duties relating to the preparation of annual budgets, the allocation of deficits and the receipt of tax funds imposed upon the Mobile County public hospital board by Amendments CXIV and CXV to the Constitution of Alabama, and such board of trustees shall be entitled to all the benefits, privileges and immunities accorded to the said Mobile County public hospital board by said constitutional amendments.

Section 3. As soon as the transfer of the management and control of the Mobile general hospital to the trustees of the University of South Alabama has been completed and the funds, property, resources and effects (including all records relative thereto and all records relative to the operation of the hospital) have been delivered to said board of trustees, and provision has been made for payment by the board of trustees of the University of South Alabama of the debts of Mobile County public hospital board and the fulfillment of any other of such corporation's contract obligations, the committee appointed pursuant to Section 1 hereof shall certify such facts to the county governing body of Mobile County. At its next meeting after the receipt of such certificate, the county governing body of Mobile County shall adopt a resolution dissolving the corporation known and designated as the Mobile County public hospital board. The resolution shall be duly entered upon the minutes of such county governing body and a certified copy there-

of shall be filed in the office of the judge of probate of Mobile County and such corporation shall thereupon stand dissolved.

Section 4. The provisions of this Act are severable. If any part of the Act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 5. All laws or parts of laws which conflict with this Act are hereby repealed.

Section 6. This Act shall take effect only upon the adoption of an amendment to the Constitution of Alabama authorizing the legislature to enact local, special or private laws governing the organization, operation, functions, property and effects of Mobile general hospital and Mobile County public hospital board and providing for a transfer of the functions of the Mobile County public hospital board respecting the operation, management and control of said hospital to the board of trustees of the University of South Alabama, and upon the adoption of a two (2) mil (20 cents per hundred dollars) special property tax in Mobile County for the support and maintenance of the subject institution.

And the substitute was adopted.

S. 555. Relating to the City of Florence, Alabama; providing for the planning, design, location, financing, acquisition of property for, construction, alteration, enlargement, use, maintenance, operation, and fostering of off-street automobile parking facilities in such city.

With notice and proof thereto attached and herewith exhibited as follows:

LEGAL NOTICE

A BILL TO BE ENTITLED AN ACT

Relating to the City of Florence, Alabama; providing for the planning, design, location, financing, acquisition of property for, construction, alteration, enlargement, use, maintenance, operation, and fostering of off-street automobile parking facilities in such city.

Be It Enacted by the Legislature of Alabama:

Section 1. It is hereby determined and declared that in the City of Florence, Alabama, the free circulation of traffic of all kinds through the streets of said municipality is necessary to the health, safety and general welfare of the public; that in recent years the greatly increased use by the public of motor vehicles of all kinds has caused serious traffic congestion in streets of said municipality; that the parking of motor vehicles in the streets has contributed to this congestion; that such congestion prevents the free flow of traffic in, through and from such municipality, impedes the rapid and effective fighting of fires and disposition of police

force, threatens irreparable loss in the values of urban property within said city which can no longer be readily reached by vehicular traffic and endangers the health, safety and welfare of the general public; that this traffic congestion is not capable of being adequately abated except by provisions of sufficient off-street parking facilities; that adequate off-street parking facilities have not been provided and parking spaces now existing must be forthwith supplemented by off-street parking facilities provided by public undertaking; and that the enactment of the provisions of this Act is hereby declared to be a public necessity. This Act shall apply only to such city.

Section 2. The council or other governing body of the City of Florence, Alabama, is hereby authorized and empowered to acquire, receive, take and hold, whether by purchase, gift, lease, devise, or otherwise, property of every description, whether real, personal or mixed, and to manage said property and to develop any undeveloped property owned, leased or controlled by such city for the purposes hereinafter set out; to execute such contracts and other instruments and to take such other action as may be necessary and convenient to carry out the provisions of this Act or to exercise the power granted hereunder; to plan, establish, acquire, construct, enlarge, improve, maintain, equip, operate, regulate and protect parking facilities; to lease or let such facilities or any one or more of them or any part thereof for any use or uses to such tenant or tenants for such term, or terms, at such compensation or rental as the council or other governing body may from time to time direct; to issue interest bearing revenue bonds payable from the limited sources hereinafter referred to; to pledge for payment of such bonds any revenues or funds from which such bonds are made payable; to make and enter into contracts, leases and agreements incidental to or necessary for the accomplishment of any purpose or purposes authorized by this Act; to make and enforce rules and regulations governing the use of any parking facilities owned or controlled by said city; to cooperate with the State; any county, city, town, public corporation, agency, department, or political subdivision of the State, and to make such contracts with them or any of them as the council or other governing body may deem advisable to accomplish the purposes of this Act; to receive and accept grants for or in aid of the construction, extension, improvement, maintenance or operation of any parking facility from the United States of America or any agency thereof, from the state, any department or agency thereof and any political subdivision thereof and to receive and accept money, property, labor or other things of value from any source whatsoever; and to do any and all things necessary or convenient for the exercise of any power herein granted.

Section 3. The council or other governing body of the City of Florence, Alabama is hereby specifically authorized to lease any said parking facilities constructed under the provisions of this Act; provided, however, that prior to leasing any such parking facility the council or other governing body must determine and find the following: the amount necessary in each year to pay the principal of and the interest on the bonds proposed to be issued to finance such project; the amount necessary to be paid each year into any reserve fund which the council or other governing body may deem it advisable to establish in connection with the retirement of said bonds and the maintenance of said parking facility or facilities; and, unless the terms under which the project is to be leased, provided that the lessee shall maintain the project and carry all proper insurance (including liability insurance) with respect thereto, the estimated cost of maintaining the parking facility in good repair and keeping it properly insured. The lease agreement shall provide for the payment of rentals based on such findings and determinations as are sufficient (a) to pay the principal of and interest on the bonds issued to finance the parking facility, (b) to build up and maintain any reserve deemed by the council or other governing body to be advisable in con-

nection therewith, (c) unless the agreement of lease obligates the lessee to pay for the maintenance and proper insurance (including liability insurance) of the parking facility, to pay the cost of maintaining the parking facility in good repair and keeping it properly insured. The lease agreement may, at the discretion of the council or other governing body, contain provisions prescribing minimum operating hours, maximum charges to be collected by the operator, and other terms to be observed by the lessee.

Section 4. The principal of and interest on any bonds issued under this Act shall be secured by a pledge of the revenues out of which such bonds may be made payable and may be secured by a mortgage covering all or any part of any project or projects from which the revenues so pledged may be derived, and may be secured by a pledge of the lease of such project. The proceedings under which such bonds are authorized to be issued or any such mortgage may contain any agreements and provisions customarily contained in instruments securing bonds, including, without limiting the generality of the foregoing, provisions respecting the fixing and collection of rents for any project covered by such proceedings or mortgage, the terms to be included in the lease of such project, the maintenance and issuance of such project, the creation and maintenance of special funds from the revenues from such project, and the rights and remedies available in event of default of the bond holders or to the trustee under a mortgage, all as the governing body shall deem advisable and as shall not be in conflict with the provisions of this Act; provided, however, that in making any such agreements or provisions, the municipality shall not have the power to obligate itself except with respect to the project and the application of the revenues therefrom and shall not have the power to incur a pecuniary liability or a charge upon its general credit or against its taxing powers. The proceedings authorizing any bonds hereunder and any mortgage securing such bonds may provide that, in the event of default in payment of the principal of or the interest on such bonds or in the performance of any agreement contained in such proceedings or mortgage, such payment and performance may be enforced by mandamus or by the appointment of a receiver in equity with power to charge and collect rents and to apply the revenues from the project in accordance with such proceedings or the provisions of such mortgage. Any such mortgage may provide also that, in the event of default in such payment or the violation of any agreement contained in the mortgage, the mortgage may be foreclosed either by sale at public outcry or by proceedings in equity, and may provide that any trustee under such mortgage or the holder of any of the bonds secured thereby may become the purchaser at any foreclosure sale if the highest bidder thereof. No breach of any such agreement shall impose any pecuniary liability upon the municipality or any charge under its general credit or against its taxing powers.

Section 5. Any bonds issued hereunder and at any time outstanding may at any time and from time to time be refunded by such city by the issuance of its refunding bonds in such amount as the governing body may deem necessary but not exceeding any amount sufficient to refund the principal of the bonds so to be refunded, together with any unpaid interest thereon and any premium and commissions necessary to be paid in connection therewith. Any such refunding may be effected whether the bonds to be refunded shall have then matured or shall thereafter mature, either by sale of the refunding bonds and the application of the proceeds thereof for the payment of the bonds to be refunded thereby, or by exchange of the refunding bonds for the bonds to be refunded thereby, provided, that the holders of any bonds so to be refunded shall not be compelled without their consent to surrender their bonds for payment or exchange prior to the date on which they are payable, or if they are called for redemption, prior to the date on which they are by their terms

subject to redemption. Any refunding bonds issued under the authority of this Act shall be payable solely from the revenues out of which the bonds to be refunded thereby were payable, and shall be subject to the provisions contained in Section 4 of this Act, and may be secured in accordance with the provisions of Section 3 of this Act.

Section 6. The proceeds from the sale of any bonds issued under authority of this act shall be applied only for the purpose for which the bonds were issued; provided, however, that any accrued interest and premium received in any such sale shall be applied to the payment of the principal of or the interest on the bonds sold; and provided, further, that if for any reason any portion of such proceeds shall not be needed for the purpose for which the bonds were issued, then such unneeded portion of said proceeds shall be applied to the payment of the principal of or the interest on said bonds. The cost of acquiring any project shall be deemed to include the following: the actual cost of the construction of any part of a project which may be constructed, including architect's and engineer's fees; the purchase price of any part of a project that may be acquired by purchase; all expenses in connection with the authorization, sale and issuance of the bonds to finance such acquisition; and the interest on such bonds for a reasonable time prior to construction, during construction, and for not exceeding six months after completion of constructions.

Section 7. The city subject to the provisions of this Act may pay out of its general funds or otherwise contribute any part of the costs of acquiring a project, and may use land already owned by the municipality, or in which the municipality has an equity, for construction thereof of a project; and the municipality may accept donations of property to be used as a part of any project and money to be used for defraying any part of the cost of any project; provided, however, that where revenue bonds are issued, or to be issued, such city shall make no contribution of money or property which would cause such bonds to be debts within the meanings of Section 225 of the Constitution of the State of Alabama or bonds within the meaning of Section 222 of the Constitution of the State of Alabama.

Section 8. Bonds issued under the provisions of this Act shall be legal investments for banks and insurance companies and savings banks organized under the laws of this state, executors, administrators, trustees and other fiduciaries.

Section 9. The bonds authorized by this Act and the income therefrom, all mortgages executed as security therefor, all lease agreements made pursuant to the provisions hereof, and all projects and the revenues derived from any lease thereof shall be exempt from all taxation in the State of Alabama.

Section 10. Neither this Act nor anything herein contained shall be construed as a restriction or limitation upon any powers which the municipality might otherwise have under any laws of this state, but shall be construed as cumulative; and this Act shall not be construed as requiring an election by the voters of the municipality prior to the issuance of bonds hereunder by such municipality unless required by the Constitution of the State of Alabama.

Section 11. If any section, provision, or clause of this Act shall be declared invalid, or unconstitutional, such declaration shall not affect the part or parts which remain.

Section 12. This Act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

MESSAGE FROM THE GOVERNOR

To the Senate of Alabama

August 1, 1967

Senate of Alabama
State Capitol
Montgomery, Alabama

Gentlemen:

I am returning herewith to you Senate Joint Resolution No. 49. Let me commend you for passing this Resolution and I can assure you that it has my approval.

I would like to suggest an amendment to the resolution which would have my approval even more and which would require the flying of the flags on all occasions, not just at Homecoming, when State supported institutions of higher learning have scheduled football contests within the State of Alabama. Therefore, I recommend that the Resolution be amended to read as follows:

"WHEREAS, the State of Alabama has become a symbol and a shining light for the preservation of liberty and freedom; and

"WHEREAS, people throughout the United States are thankful for the leadership Alabamians are giving in the present fight for the preservation of the right of the people to govern themselves; and

"WHEREAS, the Alabama State Flag and the Confederate Battle Flag have today become beacons for those who believe in local self-government, private property rights and individual liberty and freedom; and

"WHEREAS, it is the express desire of the Governor of Alabama, Her Excellency Lurleen B. Wallace, in order to pay tribute to this rich heritage of the State of Alabama, that all State supported institutions of higher learning should prominently display or cause to be displayed the Alabama Flag and the Confederate Battle Flag along with the American Flag at all regularly scheduled football contests held within the State of Alabama and that the band play the "Star Spangled Banner," "Alabama" and "Dixie" respectively as each flag is hoisted; and

"WHEREAS, it is both fitting and proper, therefore, that the Governor's desire should be implemented:

"NOW, THEREFORE, BE IT RESOLVED by the Legislature of Alabama, both Houses concurring, that all State supported institutions of higher learning in the State of Alabama are hereby requested to fly the Alabama State Flag and the Confederate Battle Flag along side the American Flag on prominent flagpoles or upon a single flagpole at each football contest held within the State of Alabama by said institution and that the bands play the "Star Spangled Banner," "Alabama" and "Dixie" respectively as each flag is hoisted.

"BE IT FURTHER RESOLVED that a copy of this Resolution be sent to the President of each of the State supported institutions of higher learning in the State of Alabama."

This suggested amendment has the approval of the sponsor of the original resolution.

Sincerely yours,

LURLEEN B. WALLACE,
Governor of Alabama.

RESOLUTION

The following resolution was introduced:

By Mr. Merrill:

H. J. R. 97. WHEREAS religion has heretofore played, and most certainly will in the future play, a tremendous role in the development of this Nation;

WHEREAS The Religion in American Life Program is a unified program of mass media, designed to combat some of this country's most acute social and moral problems through its mass media and "Faith-In-Action" programs;

WHEREAS this program is supported by thirty-three major national religious groups of the Catholic, Jewish, Orthodox, and Protestant Faiths;

WHEREAS Alabama Jaycees have set aside the week of November 13 through November 19 of this year especially for the promotion of The Religion in American Life Program in Alabama, and during this week the Alabama Jaycees plan to put on a wide-scope program to encourage regular worship attendance, to emphasize the religious ideals which motivated America's founders; to show the relationship of worship to daily living by pointing out the many situations in our daily lives which require the applications of moral and ethical principles, and to emphasize the importance to each individual of putting religious principles to work in every day life; now therefore,

BE IT RESOLVED BY THE LEGISLATURE OF ALABAMA, BOTH HOUSES THEREOF CONCURRING, That we hereby commend Alabama Jaycees for having appointed a special week for promoting The Religion in American Life Program and hereby pledge our wholehearted support to the Jaycees in this worthy undertaking. Certainly the practice in our daily lives of the same religious principles on which this country was founded and the renewal of our religious faith and ideals will be a potent force for peace, progress and prosperity in Alabama. We urge all the citizens of this State to adopt and practice this year's motto of The Religion in American Life Program: "Live your faith. Light the World."

BE IT FURTHER RESOLVED that we memorialize Governor Wallace to proclaim the period from November 13 through November 19 of this year as a special week for emphasis on The Religion in American Life Program as an aid to the Jaycees in their admirable undertaking to show that Alabama still believes in its heritage of religious freedom and Alabamians still have an abiding faith in God.

On motion of Mr. Merrill the rules were suspended and H. J. R. 97 was adopted.

H. 972 (with substitute). To provide additional and alternate methods of annexation of certain territory to municipalities in counties in the State of Alabama having a population of not less than ninety six thousand (96,000) nor more than one hundred and six thousand (106,000) inhabitants according to the last or any subsequent Federal Census.

Was taken up.

The question was upon the adoption of the substitute reported by the Standing Committee on Local Legislation No. 1, said committee substitute being as follows:

A BILL TO BE ENTITLED AN ACT

To provide additional and alternate methods of annexation of certain territory to municipalities in counties in the State of Alabama having a population of not less than ninety-six thousand (96,000) nor more than one hundred six thousand (106,000) inhabitants according to the last or any subsequent Federal Census.

Be It Enacted by the Legislature of Alabama:

Section 1. This Act shall apply only to municipalities in counties of the State having a population of not less than ninety-six thousand nor more than one hundred six thousand inhabitants according to the last or any subsequent Federal Census.

Section 2. Whenever all of the owners of property contained within an area contiguous to the city limits of any municipality located in any county of the State of Alabama having a population of not less than ninety-six thousand nor more than one hundred six thousand inhabitants according to the last or any subsequent Federal Census, shall sign and file a written petition with the City Clerk of such municipality asking that such property or territory be annexed to said municipality and the governing body of such municipality adopts an

ordinance assenting to the annexation of said property to such municipality, the corporate limits of such municipality shall be rearranged to include such property and such property or territory shall become a part of the corporate area of such municipality upon the date of publication of said ordinance. The petition required by this Section shall contain a description of the property or territory proposed to be annexed and the signatures of all the owners of the property or territory described.

Section 3. Whenever a majority of the owners of property contained within any territory contiguous to the city limits of any municipality located in any county of the State of Alabama having a population of not less than ninety-six thousand nor more than one hundred six thousand inhabitants according to the last or any subsequent Federal Census shall sign and file a written petition with the City Clerk of such municipality requesting that such property or territory be annexed to such municipality, with such property or territory proposed to be annexed being described in said petition, the governing body of such municipality may provide by ordinance for the annexation of such property or territory to such municipality in the following manner. Upon the filing of said petition, the governing body of the municipality shall cause said petition to be published one time in a newspaper of general circulation in the county in which said municipality is located, together with a notice, specifying the date, hour and place of the meeting, that the governing body of such municipality will meet on a day certain, but not less than ten (10) days after such notice is published, to consider the adoption of an ordinance annexing such property or territory described in such petition to the municipality. On the date set in such public notice the governing body of the municipality shall hold a public hearing to determine the truth of the matters set forth in the petition and to hear any person who desires to be heard either in favor of or in opposition to the annexation of such property or territory to the municipality, and, at said hearing any landowner who has signed the petition for annexation may have his name removed from the petition upon his request for such removal made to the governing body of the municipality. If, at the conclusion of said hearing, the names of a majority of the total number of owners of property contained within the territory considered for annexation shall remain on the petition, the governing body of the municipality may proceed to adopt an ordinance assenting to the annexation of said property or territory to the municipality, and the corporate limits of such municipality shall be rearranged to include such territory, and such property or territory shall become a part of the corporate area of such municipality upon the date of publication of said ordinance. If the names of a majority of the total number of landowners of the property or territory considered for annexation do not remain on the petition at the conclusion of said hearing, said property or territory shall not be annexed by ordinance under the provisions of this Section.

Section 4. The provisions of this Act shall in no wise preclude any municipality from extending its corporate limits by annexation in any other way or manner that may be authorized by law.

Section 5. The provisions of this Act are severable. If any part of this Act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 6. All laws or parts of laws which conflict with this Act are repealed.

Section 7. This Act shall become effective immediately upon its passage and approval by the Governor or upon its otherwise becoming a law.

And the substitute was adopted.

Be It Enacted by the Legislature of Alabama:

Section 1. (a) In addition to the tax levied by Code of Alabama 1940, Title 51, Chapter 20, Articles 5, 5A, and 5C, as amended, a tax of one cent per gallon is hereby levied on the sale, use, consumption, distribution, storage or withdrawal from storage in Alabama of gasoline, as defined in Article 5, Title 51, Code of Alabama 1940, other than aviation fuel, and upon the selling, using or consuming, distributing, storing, or withdrawing from storage in this state of any motor fuel as defined in Articles 5A and 5C, Title 51, Code of Alabama 1940, for use in the operation of any motor vehicle upon the highways of this state.

The additional tax hereby levied shall, except as otherwise herein provided, be collected and administered in the same manner that the tax levied by the above cited articles of Chapter 20 of said Title 51 of the Code of 1940 is administered and collected. Any person liable for the tax imposed by this Act may add that portion of the taxes remitted under this Act arising from the sale, use, consumption, distribution, storage, or withdrawing from storage in this state of gasoline to the tax paid by him under the provisions of section 647 of Title 51, as amended, for the purpose of computing the discount allowed under section 653(1) of Title 51; provided, however, that the total discount allowed shall not exceed \$200.00 in any calendar month.

(b) Definitions. "Net revenue" as used herein shall mean and include the proceeds of the additional tax levied by this Act, less cost of collection, and less any refunds of said proceeds pursuant to the provisions of Act 674 adopted at the 1961 Regular Session of the Legislature, as amended, or pursuant to the provisions of Act 743 adopted at the 1957 Regular Session of the Legislature, as amended, and less the discount afforded the distributor on that portion of the revenue derived under this Act from the sale, use, consumption, distribution, storage, or withdrawal from storage for any use of gasoline.

Section 2. The net amounts remitted to the State Treasurer under this Act shall be distributed as follows:

(a) Seventy-two percent of the net revenue is hereby allocated and appropriated for the payment at their respective maturities of the principal of and interest on bonds issued after March 1, 1967, by the Alabama Highway Authority and thereafter to the credit of the public road and bridge fund.

(b) Twenty-one percent of the net revenue shall be remitted by the State Treasurer, based on the motor vehicle registration for the preceding fiscal year as follows:

(1) To the municipality in which the owner of the motor vehicle resided or with respect to which it is registered as required by law, or (2) if the said owner did not reside in, or the motor vehicle was not required by law to be registered with respect to an incorporated municipality, then to the county in which the license tax or registration fee with respect to the said motor vehicle was paid; and

(c) Seven percent of the net proceeds shall be apportioned by the State Treasurer among the several counties of the State in an amount for each county that bears the same relation to, and constitutes the same proportion of, the total of the said seven percent that the total number of motor vehicles registered in such county bears to the total number of motor vehicles registered in the entire state. The amounts so apportioned to each county shall be distributed by the State Treasurer as follows: (1) Ten per centum (10%) of the amount so apportioned to each county shall be distributed among the municipalities in the county with respect to which the apportionment is made, each such distribution

to be on the basis of the ratio of the population of each such municipality to the total population of all municipalities in the applicable county according to the then next preceding federal decennial census; and (2) the remaining portion of the amount so apportioned to each county shall be distributed to the county to which such apportionment is made.

Payments of the amounts herein provided to be distributed by the State Treasurer shall be distributed by the 20th day of the month following the collection of such tax.

Section 3. This Act shall become effective on October 1, 1967.

S. 69 SUBSTITUTED FOR H. 119

On motion of Mr. Young the bill, S. 69, was substituted for the bill, H. 119.

And the bill:

S. 69 (with substitute). Relating to fish; authorizing the Director of Conservation, under certain conditions, to promulgate rules and regulations for the taking of non-game fish from the public waters of this State by the use of wire baskets; levying a privilege license tax on each such wire basket; prohibiting the sale of fish so taken; repealing all laws and especially local laws in conflict herewith, and prescribing the penalty for violation of this Act.

Was taken up.

The question was upon the adoption of the substitute reported by the Standing Committee on Conservation, said committee substitute being as follows:

A BILL
TO BE ENTITLED
AN ACT

Relating to fish; authorizing the Director of Conservation, under certain conditions, to promulgate rules and regulations for the taking of non-game fish from the public waters of this State by the use of wire baskets; levying a privilege license tax on each such wire basket; prohibiting the sale of fish so taken; repealing all laws and especially local laws in conflict herewith, and prescribing the penalty for violation of this Act.

Be It Enacted by the Legislature of Alabama:

Section 1. The Director of the Department of Conservation, State of Alabama, is hereby authorized and empowered to promulgate rules and regulations authorizing the taking, catching or killing of non-game fish from the public waters of this State by the use of wire baskets, having a mesh of one inch or more, provided, however, that the Director of the Department of Conservation shall only promulgate such a regulation upon the written petition of all of the State Representatives and State Senators from the county or counties in which said regulation or regulations shall be effective.

Petitions from State Representatives and State Senators as provided for above shall specify whether the wire baskets they desire shall have a mesh of 1 inch or 2 inches. No regulation shall be promulgated allowing the use of wire baskets in Lewis M. Smith Reservoir on the Sipsey Fork of the Warrior River unless the Director of Conservation receives a petition from all of the State Representatives and State Senators from the Counties which border on said Reservoir.

Section 2. Any person desiring a license to fish with such wire basket in areas where they may be legalized by regulation, as provided for above, may apply to the Probate Judge or other appropriate licensing

authority in any county of this State affected by the provisions of this Act, and shall pay a privilege license tax of One Dollar (\$1.00) for each wire basket he proposes to fish. Judges of Probate, license commissioners or other persons authorized and designated to issue fishing licenses shall be entitled to a fee of fifteen cents for each license so issued, which fee shall be in addition to the amount designated in this Act as the cost of such license. Provided, however, that all fees collected by any probate judge or license commissioner who is paid a salary for the performance of his duties shall be paid by him into the County Treasury to the credit of the appropriate Fund.

The revenue derived from the sale of the license provided for in this section shall be remitted to the Department of Conservation on the first day of each month by the issuing officer and shall be covered into the State Treasury to the credit of the Game and Fish Fund.

Section 3. It shall be illegal for any person to obtain more than four (4) such licenses or fish with more than four (4) such baskets.

Section 4. Any basket or baskets that may become legal for use in the waters of this State under the provisions of this Act shall be clearly marked with the name of the Licensee operating, using and owning said basket and the license number of said basket.

Section 5. All wire baskets not marked in accordance with the provisions of the preceding Section shall be destroyed upon discovery by any officer, agent or employee of the Department of Conservation.

Section 6. Only non-game fish may be taken, captured or killed by means of any basket that may become legal for use in this State under the provisions of this Act. All game fish taken in such baskets shall immediately be returned to the waters from whence taken with the least possible harm.

Section 7. The licenses provided for in this Act shall not be sold to any person holding a commercial fishing license or engaged in the business of commercial fishing, and it shall be unlawful for any person holding a wire basket license or using a wire basket under the provisions of this Act to sell or offer for sale any fish within or without this State. (It is the specific intent of this Act to allow the use of wire baskets to catch fish for personal consumption only.)

Section 8. It shall be illegal for any person to raise, inspect or take fish from any wire basket that may be legalized under the provisions of this Act unless such person shall hold in his name and have in his possession the license for the particular basket he is raising, inspecting or from which he is taking fish. Nothing in this Section shall prevent the raising of such baskets for inspection by any officer, agent or employee of the Department of Conservation.

Section 9. Any person who violates the provisions of this Act shall be guilty of a misdemeanor and upon conviction shall be punished as prescribed by law, provided, however, that the minimum fine shall be not less than Twenty-five Dollars (\$25.00), and in addition to such punishment the Court trying the case shall revoke all basket licenses issued, or to be issued, to such person for a period of three (3) years from the date of such conviction.

Section 10. All laws or parts of laws in conflict with the provisions of the Act, and especially all local laws which legalize, or attempt to make legal wire baskets in any of the waters of this State are hereby expressly repealed. The following local Acts which legalize, or attempt to make legal, wire baskets are hereby specifically repealed:

ACTS OF 1962, SPECIAL SESSION

LEGAL NOTICE

STATE OF ALABAMA
COUNTY OF AUTAUGA

Notice is hereby given that a bill substantially as follows will be introduced in the Legislature of Alabama and application for its passage and enactment will be made, to-wit:

A BILL
TO BE ENTITLED
AN ACT

Relating to Autauga County; providing for the construction, maintenance and repair of public roads, highways, bridges and ferries under the county unit system; authorizing and requiring the county governing body to employ and regulate the compensation of a county engineer; providing for the manner of selecting said engineer; prescribing his qualifications and requiring bond; defining his authority, powers and duties and those of the county governing body in relation to the roads, bridges and ferries of Autauga County; and providing for a referendum.

Be It Enacted by the Legislature of Alabama:

Section 1. The board of revenue of Autauga County, or any succeeding county governing body performing the functions of the county

governing body in said county, shall employ a county engineer, who shall be a thoroughly qualified and competent civil engineer, possessing all of the qualifications as specified for county engineers under the general laws of the State of Alabama; and he shall devote his entire time and attention to the maintenance and construction of the Autauga County public roads, highways, bridges and ferries, and shall, during his employment, reside in Autauga County, Alabama.

Section 2. Said county engineer shall be appointed by the board from a nomination made by the state highway director. If said nomination is not acceptable to said board the state highway director shall be requested to make additional nominations. Should the state highway director refuse, or fail to make nominations, the board may fill the position of county engineer with any person who has the qualifications herein set out.

Section 3. It shall be the duty of the said county engineer, (1) to employ, supervise and direct all such assistants as are necessary properly to maintain and construct the public roads, highways, bridges, and ferries of Autauga County, and he shall have authority to prescribe their duties, and to discharge said employees for cause, or when not needed; (2) to perform such engineering and surveying service as may be required, and to prepare and maintain the necessary maps and records; (3) to maintain the necessary accounting records to reflect the cost of the county highway system; (4) to build, or construct new roads, or change old roads, but only when ordered to do so by proper order of the board; (5) it shall be his further duty, in so far as is feasible, to construct and maintain all county roads on the basis of the county as a unit, without regard to any district or beat lines.

Section 4. The said county engineer is hereby designated as the person authorized to make written requisition upon the duly designated purchasing agency, for all articles, materials, supplies, and equipment necessary for the maintenance and construction of roads, bridges and ferries in Autauga County.

Section 5. It shall be the duty of the board to fix, from time to time, in accordance with prevailing economic conditions, the various scales of wages or salaries to be paid for labor necessary in the maintenance and construction of said roads, bridges, and ferries, and said wage or salary scale shall not be exceeded by said engineer in the employment of labor and assistants.

Section 6. The board shall fix the amount of the salary of the said county engineer, payable in equal monthly installments from the road and highway funds of Autauga County.

Section 7. Before entering upon his duties, the said county engineer shall make and enter into a surety bond in the amount of five thousand dollars (\$5,000.00), payable to Autauga County, conditioned for the faithful discharge and performance of his duties as such engineer, and for the faithful accounting of all monies or property of said county, which may come into his possession or custody. Said bond shall be executed by a surety company authorized and qualified to do business in Alabama, and be approved by the board. The premiums thereon shall be paid by the county.

Section 8. The board shall furnish the county engineer with an office at the courthouse, or elsewhere, at the county seat, and all necessary office supplies, and shall furnish him with necessary transportation in connection with his duties under this Act.

Section 9. The county engineer shall be the custodian of all road tools, machinery, supplies and equipment of Autauga County, and he

shall be accountable for the same, at all times. The board shall furnish the necessary storage facilities in which to keep said tools, machinery, supplies and equipment, and the county engineer shall keep on files in his office, at all times, an up-to-date inventory, containing a list of all said tools, machinery, equipment and supplies belonging to Autauga County.

Section 10. The authority of said county engineer shall be limited to the expenditure of such funds for the purpose of construction, maintenance or repairs of public roads, bridges, and ferries of Autauga County as may be set aside and appropriated by the board, as hereinafter provided; it shall be the duty of said board at some meeting in September of each calendar year, or not later than the first meeting in October following, by order or resolution spread upon the minutes, so fix and determine the amount of funds which will be available for the purpose of building, maintaining and constructing public roads, bridges and ferries of Autauga County for the current fiscal year, beginning on October 1st, which said amount, other than the salary of said county engineer and his necessary expenses, shall not be exceeded by him in building, maintaining and constructing public roads, bridges and ferries in Autauga County during said period; provided however, that said board is authorized, from time to time within any such period, to increase the amount so allowed to be expended by said county engineer during said period, when such authorization will not conflict with provisions of the general law under the Budget Act, Title 12, Section 74, of the Code of Alabama 1940. Provided further, that if such funds are presently available, and have not heretofore been set aside by the present Board of Revenue of Autauga County, immediately upon the passage and approval of this Act, it shall be the duty of the board herein created to set aside a sufficient portion of said funds for the maintenance of said roads, bridges, and ferries until the meeting in September or October, 1967, as hereinabove provided for.

Section 11. The county engineer shall make written requisition to the chairman of the board for all materials, machinery, equipment, and necessary supplies needed for the construction, maintenance, or repair of the public roads, bridges and ferries of Autauga County. Said requisitions shall be filed and presented by the chairman to the board at its next meeting, for the approval of the board. Provided, however, that the chairman shall have full power and authority to make said purchases without first obtaining the approval of the whole board if the delay caused by the hereinabove procedure, might, in his judgment, cause an unnecessary and harmful interruption in the operation of the county road system.

Section 12. It shall be the further duty of the county engineer to inspect all materials, machinery, equipment, and supplies, purchased by Autauga County for use on public roads, bridges, and ferries, when the same is delivered, and the same shall not be accepted and paid for without its first having been approved by him.

Section 13. In the event an emergency should arise, in which it would be impossible for the board to employ an engineer, as hereinabove provided for, then, in that event the board shall employ a competent road supervisor who need not be an engineer, but, when so employed, he shall have all the duties and authority of said engineer, and be subject to the provisions of this Act; but an emergency shall not exist so long as the state highway director can nominate an engineer who will accept employment by said board under the terms of this Act, it being the intention of this Act to provide that, when county roads are to be maintained or constructed in said county, the supervision thereof shall be either under a county engineer, as hereinabove provided for, or, by a road supervisor, who is not a member of the board.

Section 14. It shall be the further duty of each associate member of the board to inspect the roads of his district from time to time, and hear the suggestions and complaints of the citizens, and report the same to the board with his recommendations; to advise with the county engineer concerning the problems of his district, particularly; and to assist in securing rights-of-ways, and assist in public relations generally.

Section 15. The provisions of this act are severable. If any part of the act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 16. This act shall be inoperative and void unless it shall have been approved by a majority of the qualified electors of Autauga County who vote thereon at a referendum election held for such purpose. The election shall be held and conducted as nearly as may be in the same way as elections on amendments to the Constitution, and shall be held on the first election day in the county next following final passage of this act. Notice of the election shall be given by the judge of probate of Autauga County, which notice shall be published once a week for three successive weeks before the day of the election. On the ballots to be used at the election, the proposition shall be stated substantially as follows:

"Do you favor the local law placing Autauga County public roads, highways, bridges and ferries under the county unit system and authorizing and requiring the employment of a county engineer? Yes () ; No ()." If a majority of the votes cast at the election are in the affirmative, this act shall be in full force and effect from the first day of the second month next following the date of the election. If a majority of the votes cast are in the negative, this act shall have no further effect. The judge of probate of Autauga County shall certify the results of the election to the Secretary of State within thirty days after the returns have been canvassed.

A BILL
TO BE ENTITLED

Relating to Barbour County: providing for distribution of a portion of the county's share of the state gasoline tax to the incorporated municipalities in the county.

Be It Enacted by the Legislature of Alabama:

Section 1. The board of revenue, court of county commissioners or other like governing body of Barbour County is hereby authorized and directed to appropriate and set aside ten percent of the county's share of the state gasoline excise tax provided for by Act No. 224, H. 220, First Special Session 1967, to be distributed to the several incorporated municipalities in the county on the basis of the ratio of the population of each municipality to the total population of all municipalities in the county according to the most recent federal decennial census.

Section 2. The funds required to be appropriated and set aside by the provisions of this act shall be appropriated for the fiscal year commencing October 1, 1967, and each fiscal year thereafter; and shall be paid to the respective municipalities monthly as soon as practicable after the county receives its portion of the state gasoline tax. All moneys received by municipalities under this act shall be used and expended exclusively for the construction, improvement and maintenance of highways and streets, for traffic control, and administrative expenses in connection therewith, including the retirement of bonds for the payment of which such revenues may be paid.

Section 3. The provisions of this act are severable. If any part of the act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 4. All laws or parts of laws which conflict with this act are repealed.

Section 5. This act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

The schedule of allowances shall be as follows:

- (b) For completion of eighteen years' service in a covered office or combination thereof45%
- (c) For completion of twenty years' or more service in a covered office or combination thereof50%

Section 3. The contributions of such official provided for in Section 2 hereof shall be deducted from the salary of such official on each pay day in equal installments and paid into the general fund of the governmental unit which such official serves and with respect to elected officials in office at the time the provisions of this act become operative, shall commence beginning with the first month next following the date when the provisions of this act become operative as to them. Subsequently-elected officials, in order to be thus eligible, shall commence contributions upon taking office.

Section 4. Eligibility for the retirement benefits provided for in Section 2 above shall start when the person entitled thereto attains his 62nd birthday, if male, or her 60th birthday, if female. Total and permanent disability means a physical or mental condition of an eligible official resulting from a bodily injury or disability or mental disorder which renders him incapable of engaging in an occupation or performing any work for profit, which disability shall be certified by one physician selected by participant and one physician selected by the governing body of the political subdivision or subdivisions responsible for payment of the retirement benefit. If the physicians thus selected cannot agree, they shall select a third physician and the decision of the majority of the three shall be controlling. In the event that any entitled participant shall have served as an elected official of more than one such governmental unit within the county, each such governmental unit shall pay to the entitled participant its pro rata share of the total benefits to which he is entitled. The pro rata share to be paid by such governmental unit shall be determined as follows: The aggregate salary earned by the participant throughout his entire service in covered office with each governmental unit shall be ascertained; the proportion that these respective sums bear, separately, to the total salary earned by the participant while serving in covered office with all of the governmental units shall represent the proportion of the retirement benefit, as calculated pursuant to Section 2 hereof, which shall be paid by each governmental unit served by the participant. The governing body or bodies of the obligated governmental units shall order the payments provided in this act paid from their respective general funds, with the annual benefit to be paid in equal monthly installments not later than the tenth day of each month following the month for which the allowance is due.

Section 6. Nothing contained in this act shall be construed as making participation through contributions by elected officials as mandatory, but any such official who does not participate by contribution shall not be entitled to the retirement benefits provided by this act. Any elected official who commences contributions but who does not serve a total of at least sixteen (16) years as herein provided shall, upon his retirement or other separation from office, be entitled, or in the event of his death his personal representative shall be entitled, to a refund of the total amount of money, without interest, thus contributed by such elected official during his service, upon making verified claim therefor to the governing body or bodies of the affected governmental unit or units. In the event that any elected official begins to draw the retirement allowance to which he shall be entitled by the terms of this act and dies before withdrawing an amount equal to the total amount contributed by him during his covered service, the personal representative of such elected official shall be entitled to a refund of the remaining portion of the total amount so contributed by that elected official, without interest, upon making verified claim therefor to the governing body or bodies of the affected governmental unit or units. Any elected official who fails to make the contributions herein provided shall not thereafter be allowed to pay past accrued contributions in order to avail himself of the benefits afforded by this act.

Section 7. The provisions of this act are severable. If any part of the act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 8. The provisions of this act shall become operative as to elected officials holding countywide office only when approved by a majority of the qualified electors of the county voting in a referendum held for that purpose, and as to elected municipal officials, only when approved by a majority of the qualified electors of the affected municipality voting in a referendum held for that purpose. The first referendum for the county and all municipalities therein shall be held on the same day as the first countywide primary, general, or special election held in the county after the passage of this act. The county commission of Mobile County shall order and provide for holding the referendum on such date. Subsequent elections on the question may be ordered and provided for by the governing body of the county or any municipality at intervals of not less than one year if the county or such municipality fails to approve the act. Any election held hereunder shall be governed by the laws applicable to general elections held in Mobile County.

WHEREAS Mr. Hatchett Chandler who passed away last week at the age of eighty-seven was, more than any other one person, responsible for the restoration and preservation of Fort Morgan; and but for his tenacious perseverance and continuous efforts this beautiful finger of land with its magnificent and historic fort might yet be a pile of debris overgrown with rank, snake infested vegetation; and

He did considerable research in the architectural and historic background of the fort and incorporated his findings in numerous tracts which he embellished with his rich imagination and prepared for publication; and

WHEREAS Mr. Chandler's labors of love for Fort Morgan have resulted in its being restored to its present state and in the building of an adjacent museum constructed of old brick in a compatible style of architecture. MOTION TO SUSPEND RULES ADOPTED

The motion of Mr. Downing to suspend the rules in order to introduce a resolution out of order was adopted.

RESOLUTION

The following resolution was introduced:

By Messrs. Fite and Downing:

H. J. R. 108. BE IT RESOLVED BY THE LEGISLATURE OF ALABAMA, BOTH HOUSES THEREOF CONCURRING, That the Legislature hereby notes with appreciation the outstanding services to his fellowmen of The Reverend Winsor Howell Swearingen, an ordained Baptist minister, who was for many years a beloved teacher in Alabama schools, then State Prison Chaplain and has recently completed a period of twelve years of outstanding and dedicated service as a member of the State Board of Pardons and Paroles. Mr. Swearingen has always been interested and actively engaged in promoting education. He organized the first "Moonlight School" for adult illiterates in Alabama in 1923 and has been particularly active in prison reform projects and programs. He has long advocated the institution in this state of a sound program for the rehabilitation of prisoners, and he has contributed unstintingly of his time and talents in numerous endeavors in this field.

On motion of Mr. Downing the rules were suspended and H. J. R. 108 was adopted.

GOVERNOR'S MESSAGE

The House proceeded to reconsider the resolution:

By Messrs. Starnes, Drake and McDonald:

H. J. R. 57. BE IT RESOLVED BY THE LEGISLATURE OF ALABAMA, BOTH HOUSES THEREOF CONCURRING That we most heartily congratulate Mr. Lee Taylor, Jr. of Downey, California upon setting the world's record for speed on water in his jet propelled boat, "The Hustler", when he exceeded a speed of 285 miles per hour on Lake Gunter'sville on June 30th. Mr. Taylor's skill and proficiency in attaining this speed are indeed commendable and the fact that the world's record was established in Alabama brings favorable and gratifying publicity to this State. We also warmly commend the project director, Mr. Paul Pribble, the project chairman, Mr. John W. Beaudoin, and crew members Rich Hallett, Tom Pavlousky and Arnold de Bore, whose supporting roles made the project possible.

RESOLVED FURTHER That a copy of this resolution shall be sent to Mr. Taylor and to each of the other gentlemen herein named.

The question was upon the adoption of the resolution, H. J. R. 57, the Governor's veto to the contrary notwithstanding.

And the resolution was again read, and the House refused to adopt said resolution over the veto of the Governor.

To authorize and provide for the payment of supplemental retirement benefits to certain municipal employees in cities in this State having populations of not less than 200,000 nor more than 300,000, according to the last or any subsequent federal decennial census; to repeal Act No. 773, S. 621, Regular Session 1951 (Acts 1951, p. 1342), as amended, which established a pension and relief system for municipal employees.

Was taken up.

The question was upon the adoption of the substitute reported by the Standing Committee on Local Legislation No. 3, said committee substitute being as follows:

A BILL TO BE ENTITLED AN ACT

To authorize and provide for the payment of supplemental retirement benefits to certain municipal employees in cities in this State having populations of not less than 200,000 nor more than 300,000, according to the last or any subsequent federal decennial census; to restrict the application of Act No. 773, S. 621, Regular Session 1951 (Acts 1951, P. 1342), as amended, which established a pension and relief system for municipal employees.

Be It Enacted by the Legislature of Alabama:

Section 1. This act shall apply in all cities in this State which have a population of not less than 200,000 nor more than 300,000, according to the last or any subsequent federal decennial census.

Section 2. All employees of any such city (except members of the police or fire departments thereof) who have heretofore been covered by the benefits established by the provisions of Act No. 773, Regular Session 1951 (Acts 1951, p. 1342), as amended, and who by action of the city commission or like governing body of such city become eligible to participate in the state employees pension plan, shall be entitled to receive the following benefits from the city, to be calculated as of the effective date of becoming eligible to participate in the state employees pension plan:

(a) Any employee eligible for retirement shall, upon retiring or otherwise leaving the employ of such city and becoming eligible to receive retirement benefits under said Act No. 773, receive monthly an amount equal to the monthly benefits provided by said Act No. 773.

(b) Any employee not eligible to receive benefits under said Act No. 773, shall, upon retiring or otherwise leaving the employ of said city, and upon reaching his 60th birthday, receive monthly an amount equal to 2½% of his monthly wages, multiplied by the number of years (including any fractional part of a year) of employment with such city, prior to the date when he became eligible to participate in the state employees pension plan.

(c) Any employee may elect to not share in the benefits established by said Act No. 773 and in the benefits guaranteed by subsections (a) and (b) hereof at any time prior to his becoming eligible to receive retirement benefits, and upon filing with the governing body of the city written notice of such election shall be reimbursed all sums theretofore contributed to the pension plan established by said Act No. 773, as amended, and shall not thereafter receive any pension benefits from such city.

(d) The payments by such city pursuant to said Act No. 773 or pursuant to the terms of this Act, when added to the retirement benefits from any other source to which the city shall have contributed (excluding social security benefits), shall not serve to make the aggregate retirement benefit higher than the benefits to which such employee would have been entitled had said Act No. 773 continued in force and effect.

Section 3. All laws or parts of laws which conflict with this Act are repealed, and upon the governing body of any city to which this Act applies placing its employees under the State Employees Pension Act, as amended, the provisions of Act No. 773, Regular Session 1951 (Acts 1951, p. 1342) as amended, shall not thereafter apply to such city or its employees; provided, that nothing herein contained shall be so construed as to alter or terminate any benefits being received by any retired employee pursuant to the provisions of said Act No. 773, as amended.

Section 4. This Act shall become effective upon its passage and approval by the Governor or upon its otherwise becoming a law.

H. 368. To amend Section 4 of Act No. 104, H. B. 148, First Special Session 1956 (Acts 1956, p. 148), an act authorizing and providing for the planning, designation, establishment, use, and regulation of controlled access highways.

McDOWELL LEE,
Secretary.

SENATE MESSAGE

On motion of Mr. Beck the House concurred in and adopted the Senate amendment to the bill, H. 368, said Senate amendment being as follows:

SUBSTITUTE TO H. B. 368

By Mr. Goodwyn:

To amend Sections 4 and 5 of Act No. 104, H. B. 148, First Special Session 1956 (Acts 1956, p. 148), an act authorizing and providing for the planning, designation, establishment, use, and regulation of controlled access highways.

Be It Enacted by the Legislature of Alabama:

Section 1. Section 4 of Act No. 104, H. B. 148 First Special Session 1956 (Acts 1956, p. 148), as amended, is amended further so as to read as follows:

S 4. The State Highway Director is authorized to so design any controlled access facility and to so regulate, restrict, or prohibit access as to best serve the traffic for which such facility is intended. In this connection such highway authority is authorized to divide and separate any controlled access facility into separate roadways by the construction of raised curbing, central dividing sections, or other physical separations, or by designating such separate roadways by signs, markers, stripes, and the proper lane for such traffic by appropriate signs, markers, stripes, and other devices. No person shall have any right of ingress or egress to, from or across controlled access facilities to or from abutting lands, except such designated points at which access may be permitted or service roads provided, upon such terms and conditions as may be specified from time to time.

Except to the extent authorized by law for toll roads, no automotive service station or other commercial establishment for serving motor vehicle users shall be constructed or located within the right of way of, or on publicly-owned or publicly-leased land acquired or used for or in connection with the controlled access facility. However, this shall not

limit the powers granted to the department of conservation by Chapter 3 of Title 8 of the Code of Alabama 1940, as amended, when those powers are exercised in accordance with the purposes of such chapter. And provided further, that notwithstanding any other laws to the contrary any owner or owners of lots, tracts, or parcels of land lying within 500 feet from any acquired right of way for such controlled access facility at any point of access to or exit from such facility may use, improve or develop such property for automotive service stations or other commercial establishments, including places for serving food and providing lodging, for serving motor vehicle users.

Section 2. Section 5 of said Act No. 104 is hereby amended by adding at the end of said Section 5 the following:

"In any event in any case now or hereafter pending when property is condemned for limited access highways and an appeal is taken by the State from a judgment of a court of competent jurisdiction, and if the award of damages is affirmed on appeal by the Supreme Court of Alabama, then in such event the property owner shall be entitled to interest at 6% per annum on the amount of damages awarded from the date of the rendition of the judgment awarding such damages."

Section 3. This Act shall become effective upon its passage and approval by the Governor, or upon its otherwise becoming a law.

REPORT OF SUBCOMMITTEE ON STUDY OF MILK CONTROL ACT

SUMMARY: The new Milk Control Board under the 1965 Act should be appointed as soon as possible and should be allowed to function without substantial changes for a reasonable trial period, during which its operations will be carefully followed by the Joint Interim Committee on Agriculture and further reported on by the Committee after the trial period.

In response to the request of Governor Lurleen B. Wallace that the Legislature study the report of the ad hoc committee on the Milk Industry, this subcommittee held a well-publicized public hearing on the legislative recommendations of the ad hoc committee, on H. B. 137, which proposes to transfer all functions of the Milk Control Board to the Department of Agriculture, and on present conditions of the milk industry which might require additional legislation at the present time.

The subcommittee heard testimony from all segments of the milk industry and from the general public; and, based on that testimony, makes the following recommendations to the Legislature and the Governor:

It is essential to the continued vitality of the milk industry in Alabama that a strong, active, independent Milk Control Board continue in existence, and we recommend that H. B. 137 not be passed, and that no action should be taken by the Legislature to abolish the Milk Control Board.

Substantial changes were made in the Milk Control Board Act in Act No. 466 of the Regular Session 1965. These changes included a basic revision in the membership of the Board, but no members of the Board

have yet been appointed under the 1965 Act. It is our opinion that there should be no further basic changes in the Milk Control Board Act, and particularly not in the make-up of the Board, until the new Board has been appointed and has had a reasonable opportunity to prove itself. Considerable work and study went into the drafting of the 1965 Act, and this effort should not be cast aside lightly.

There is, however, substantial opinion that milk prices should be decontrolled at the retail level in accordance with the recommendations of the ad hoc committee. We feel that the Milk Control Board itself, as constituted under the 1965 Act, should study this matter in the light of current conditions in the Alabama milk industry. The Board has full powers to make any necessary orders to decontrol the retail price of milk if it deems such action desirable. In the event the Board decides to continue retail price controls, we recommend that the Legislature give milk retailers representation on the Board.

In the meanwhile, we urgently request Governor Wallace to appoint the new Board as soon as possible so that the 1965 Act can be made effective.

It is understood that the Joint Interim Committee on Agriculture plans to follow the operations of the new Board very carefully during the interim between this session and the 1969 Regular Session and expects to make further recommendations, if they become necessary, at the 1969 Regular Session.

Some minor changes in the Milk Control Board Act should be made by the Legislature as soon as possible. Legislation should be passed requiring a finding of facts by the Milk Control Board as a basis for each of its orders. In addition, legislation should be passed authorizing the use of economic formulae in determining milk prices without the necessity for cumbersome public hearings to justify every change in milk prices.

It is hereby further found that, with increasing leisure time, the practice and enjoyment of the arts are of increasing importance and that the general welfare of the people of the state will be promoted by giving further recognition to the arts as a vital aspect of our culture and heritage and as a valued means of expanding the scope of our educational programs.

It is hereby declared to be the policy of the state to join with private patrons and with institutions and professional organizations concerned with the arts to insure that the role of the arts in the life of our communities will continue to grow and will play an ever more significant part in the welfare and educational experience of our citizens.

The governor shall designate a chairman and a vice-chairman from the members of the council to serve as such at the pleasure of the governor. The chairman shall be the chief executive officer of the council. The council itself shall nominate three persons from the same geographical area to replace each of the members whose term of service is expiring, not less than six months prior to expiration of a regular term of service, and promptly upon other occurrences of a vacancy. Vacancies shall be filled by appointment by the governor from such nominees. The members of the council shall not receive any compensation for their services, but shall be reimbursed for their actual and necessary expenses incurred in the performance of their duties as members of the council.

Section 5. The duties of the council shall be:

(1) To stimulate and encourage throughout the state the study and presentation of the performing and fine arts and public interest and participation therein;

(2) To make such surveys as may be deemed advisable of public and private institutions engaged within the state in artistic and cultural activities, including but not limited to, music, theatre, dance, painting, sculpture, architecture, and allied arts and crafts, and to make recommendations concerning appropriate methods to encourage participation in and appreciation of the arts to meet the legitimate needs and aspirations of persons in all parts of the state;

(3) To take such steps as may be necessary and appropriate to encourage public interest in the cultural heritage of our state and to expand the state's cultural resources; and

All debts created or obligations incurred by the council shall be solely and exclusively obligations of the council and shall not create an obligation of the State of Alabama or of any county or municipality.

Section 7. The council is the official agency of this state to receive and disburse any funds made available by the National Foundation on the Arts. The council may request and shall receive from any department, division, board bureau, commission, or agency of the state such assistance and data as may be reasonably consistent with the facilities, personnel and duties of the organization to which the request is made, so as to enable the council properly to carry out its powers and duties hereunder.

Section 8. There is hereby appropriated from the general fund the sum of \$50,000.00 for each of the fiscal years ending September 30, 1968 and September 30, 1969, conditional on the condition of the State Treasury to be paid on approval of the governor, for salaries, equipment, supplies, and other expenses of the council.

SENATE L. L. NO. 2 COMMITTEE SUB. FOR H. B. 714

A BILL
TO BE ENTITLED
AN ACT

Relating to counties having a population of 600,000 or more according to the last or any succeeding federal census; and to provide for the allocation and distribution between and among said counties and the incorporated municipalities located therein of those portions of the net proceeds from the State Gasoline Excise Tax that are allocated or apportioned to such counties and municipalities therein by Sections 3, 4 and 5 of Act No. 224 adopted at the special session of the Legislature of Alabama approved May 10, 1967; to repeal all laws or parts of laws in conflict herewith and to fix the effective date of this Act.

Be It Enacted by the Legislature of Alabama:

"Federal census" means any decennial census and any special census made by or under the direction of the Bureau of the Census of the United States Department of Commerce, or by any other bureau or agency of the United States that may succeed to the functions of the said Bureau of the Census.

"Highway gasoline tax" means (a) the excise tax levied under Section 647 of Title 51 of the Code of Alabama of 1940, as amended, exclusive of those portions of the said tax in respect of aviation fuel and marine gasoline, as those terms are used in the said Section 647, and (b) the excise tax levied by Act No. 674 adopted at the 1961 Regular Session of the Legislature, as amended, exclusive of that portion of the said tax in respect of diesel fuel.

"Highway gasoline tax distribution act" means Act No. 224 adopted at the Special Session of the Legislature of Alabama approved May 10, 1967.

"Municipality" means a municipal corporation incorporated under the laws of the State.

"The State" means the State of Alabama.

Section 2. Application of Act; Legislative Intent. This Act shall apply to each county in the State that has a population of 600,000 or more, according to the last or any subsequent federal census. It is the intention of the Legislature by the passage of this Act to provide for public highways, streets and bridges in each county in the State that may at any time be subject to the provisions of this Act, and to provide for the distribution in the manner hereinafter specified of the tax proceeds allocated or payable to such county and the municipalities therein pursuant to the provisions of the highway gasoline tax distribution act.

Section 3. Distribution of Those Portions of the Proceeds from the Highway Gasoline Tax Allocated to Each County and the Municipalities therein Subject to this Act. The term "the total amount" as used in this Section 3 means the total of all amounts allocated or apportioned pursuant to either of Sections 3, 4 and 5 of the Highway

Gasoline Tax Distribution Act, to any county or municipalities therein subject to the provisions of this Act. The total amount shall be distributed as follows:

(a) First, thirteen percent (13%) of the total amount shall be paid to the county;

(b) Second, after the payment provided for in (a) above, there shall be divided among and distributed to the county and the municipalities therein on the basis of the ratio of the population of the county and the various municipalities to the total county population, according to the most recent federal census, an amount which shall be equal to the difference between the total amount and the amount paid to the county under (a) above, unless the total amount exceeds \$6,000,000.00; and if the total amount exceeds \$6,000,000.00, the amount to be divided between the county and the municipalities under this provision (b) shall be an amount equal to the difference between \$6,000,000.00 and the amount paid to the county under (a), above;

(c) Third, if the total amount exceeds \$6,000,000.00, then after the payments provided for in (a) and (b) above, the first \$500,000.00 of the total amount in excess of \$6,000,000.00 shall be paid to the county; and

(d) Fourth, if the total amount exceeds \$6,500,000.00, then after the payments provided for in (a), (b) and (c) above, that part of the total amount in excess of \$6,500,000.00 shall be divided among and distributed to the county and the municipalities therein on the basis of the ratio of the population of the county and the various municipalities to the total county population, according to the most recent federal censuses.

The distribution provided for in this section shall be made in lieu of the distribution in the county that is provided for in Section 5 of the highway gasoline tax distribution act. The State Treasurer shall make the allocation to the counties subject to this Act and pay over such funds so allocated to such counties to the Probate Judge or other official in such county charged with the responsibility of collecting excise and license taxes in such county and said county official shall then promptly allocate and distribute all funds so allocated and received between the county and the municipalities therein on the basis as herein provided.

Section 4. Distribution to Municipalities Incorporated after September 30, 1967, in Each County Subject to this Act. Any municipality incorporated after September 30, 1967, shall not participate in the distribution provided for in this act until the fiscal year next succeeding the fiscal year during which it is incorporated; and each such municipality shall for the purpose of any computation under this act be deemed throughout the fiscal year during which it is incorporated to constitute unincorporated territory in the county. The population of any municipality incorporated subsequent to the taking of the then next preceding federal census shall be deemed, until the effective date of the then next succeeding federal census, to be the population shown by the census for that municipality taken pursuant to the requirements of Section 13 of Title 37 of the Code of Alabama of 1940.

Section 5. Effective Date of Census. For the purposes of this Act, each federal census shall be deemed to be effective on the first day of October next following the publication of the results of any such census or, if no such publication is made, then on the first day of October next following the official report of such census.

All tax proceeds paid to the county pursuant to the provisions of this Act shall be used by the county only for the construction, reconstruction, maintenance, widening, alteration and improvement of public roads and bridges, as is now or may hereafter be provided by law, including payment of the principal of and interest on any securities at any time issued by the county pursuant to law for payment of which all or any of the proceeds from the highway gasoline tax were or may be lawfully pledged, and such use may also be for the purpose and subject to the provisions contained in Act No. 838 adopted at the 1953 Regular Session of the Legislature; provided, that no part of the said tax proceeds shall be expended contrary to the provisions of the Constitution of the State.

All tax proceeds paid to any municipality pursuant to the provisions of this Act shall be used by such municipality only for the construction, reconstruction, maintenance, widening, alteration and improvement of public roads, bridges, streets, and other public ways, including payment of the principal of and interest on any securities at any time issued by the municipality pursuant to law for the payment of which any part of the said proceeds were or may be lawfully pledged; provided, that no part of the said tax proceeds shall be expended contrary to the provisions of the Constitution of the State.

Section 7. The county shall perform no work on any street, road or avenue in any municipality located within the county unless such municipality shall pay or reimburse the County for the full cost of any such work so performed, including a reasonable charge for all materials, labor and engineering incident thereto.

Secretary of Senate.

RESOLUTION

The following resolution was introduced:

By Messrs. Smith (P), Harris and Hobbie:

H. J. R. 119. WHEREAS, a reputable firm of certified public accountants has made a study of the accounting procedures of the Milk Control Board and has found several deficiencies in these procedures; and

WHEREAS, these inadequacies in accounting procedures have caused severe public criticism of the Milk Control Board and a loss of confidence in the Board by members of the dairy industry, who provide all the operating funds for the board; and

WHEREAS, the Milk Control Board should establish high standards of conduct so that its reputation among members of the milk industry and the general public will be without blemish.

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF ALABAMA, THE SENATE CONCURRING, That the Milk Control Board is requested to establish and maintain rigid accounting procedures for the expenses and pay of members and employees and that the Board specifically: (a) require on all expense accounts a statement of the purpose for which the expense is incurred; a statement that the expense is made solely in relation to board functions, and the attachment thereto of readily available receipts such as hotel bills and similar items; (b) require a written explanation of telephone charges to show that the calls are for board business; (c) require that when one of the pre-numbered vouchers, which are used to request payment by the comptroller, is voided or not used for some reason there is substituted in its place an unnumbered voucher with the same number typed in at the time the voucher is filled out.

BE IT FURTHER RESOLVED That the Board is requested to take all other necessary precautions to insure that there are no abuses of expense accounts or per diem allowances of members or employees.

On motion of Mr. Smith (P) the rules were suspended and H. J. R. 119 was adopted.

MESSAGE FROM THE SENATE

Mr. Speaker:

The Senate has originated and adopted the following Senate Joint Resolution and sends same herewith to the House for its consideration:

By Mr. Cooper:

S. J. R. 93. WHEREAS the death of Mr. Hatchett Chandler on August 23, 1967 ended the colorful life of a man who had dedicated long years of devoted efforts to the restoration and preservation of Fort Morgan at the mouth of Mobile Bay, and

WHEREAS Fort Morgan was for many years a deserted area following its abandonment after its last activation during World War I, its reclamation and restoration as one of Alabama's major tourist attractions is due in large part to Mr. Chandler's efforts; and

WHEREAS Mr. Chandler not only spent years of physical toil in hacking away at the snake-infested, semi-tropical vegetation which almost completely covered this centuries old fortification of beautiful design and intricate workmanship, but he persistently sought public funds for the restoration and preservation of Fort Morgan, and wrote numerous treatises on its historic significance; now therefore

BE IT RESOLVED BY THE LEGISLATURE OF ALABAMA, BOTH HOUSES THEREOF CONCURRING, That we mourn the death of Mr. Hatchett Chandler to whom this State is deeply indebted, and we are gratified that his desire to be interred on the grounds of Fort Morgan, a place for which he held such proprietary interest and devotion, has been honored.

McDOWELL LEE,
Secretary.

On motion of Mr. Owen the rules were suspended and the House concurred in and adopted the S. J. R. 93 set out in the above and foregoing Message from the Senate.

Section 1. Meaning of Terms Used in This Act. The following words, terms and phrases where used in this act shall have the following respective meanings, except where the context clearly indicates a different meaning: "the State" means the State of Alabama; "the county" means any county in the State having a population of 500,000 or more, according to the last or any subsequent Federal census; "State sales tax statutes" means Act No. 100 enacted at the 1959 Second Special Session of the Legislature of Alabama and all other statutes of the State (whether now in existence or hereafter enacted) directly relating to the subject matter of said Act No. 100 (including, without limiting the generality of the foregoing, all statutes exempting the gross proceeds from various sales from the measure of the tax levied thereby), as said Act No. 100 and said other statutes have been heretofore amended or as they may be hereafter amended; "State sales tax" means the tax imposed by the State sales tax statutes; "State use tax statutes" means Article 11 of Chapter 20 of Title 51 of the Code of Alabama of 1940 and all other statutes of the State (whether now in existence or hereafter enacted) directly relating to the subject matter of said Article 11 (including, without limiting the generality of the foregoing, all statutes exempting the storage, use or consumption of various items of personal property from the tax levied thereby), as said Article 11 and said other statutes have been heretofore amended or as they may hereafter be amended; "State use tax" means the tax imposed by the State use tax statutes; "Commissioner of Licenses" means the Commissioner of Licenses, the Director of the Department of Revenue of the county or any other county officer or employee charged by law with the duty of collecting county business license taxes or other license taxes now or hereafter required by law to be paid to the State of Alabama or the counties thereof, or both; "quarterly period" means the period of three calendar months commencing on each January 1, April 1, July 1 and October 1; "Indigent Care Fund" means the County Indigent Care Fund created in Section 14 of Act No. 387 enacted at the 1965 Regular Session of the Legislature of Alabama; and "Authority" means the public corporation created in the county by Act No. 547 enacted at the 1965 Regular Session of the Legislature of Alabama, for the purpose of establishing, constructing, maintaining and operating a civic center in the county seat of the county. In addition to the foregoing definitions, all words, terms and phrases that are defined in the State sales tax statutes or in the State use tax statutes

shall, where used in this act, have the meanings respectively ascribed to them in the State sales tax statutes or the in State use tax statutes, as the case may be, except where otherwise specifically provided or where the context herein clearly indicates a different meaning.

Section 2. Legislative Intent. It is the intention of the Legislature by the passage of this act to levy in the county a sales tax and use tax which, with certain differences herein specifically provided, shall generally parallel the provisions of the State sales tax and State use tax, respectively, except that the rates of the taxes herein levied shall be as set forth herein. In order to facilitate administration of this act, and to permit the filing of returns by taxpayers to be made on the same or similar forms as those required under the State sales tax statutes and the State use tax statutes, (a) the procedures specified in those statutes are incorporated herein by reference, and (b) the sales and use taxes herein levied are made subject to all exemptions afforded by the State sales tax statutes and the State use tax statutes, respectively. This act shall be liberally construed to give effect to said intention.

Section 3. Levy of Sales Tax. (a) There is hereby levied in the county, in addition to all other taxes of every kind now imposed by law, and shall be collected as herein provided, a privilege or license tax against the person on account of the business activities and in the amount to be determined by the application of the rates herein prescribed against gross sales or gross receipts, as the case may be.

(b) The tax levied by this Section 3 shall apply to and is imposed and levied upon every person required to pay, on account of business done by him in the county, the State sales tax or upon whom, on account of business done by him in the county, the State sales tax is levied; provided, that in the event of the repeal of the State sales tax statutes, this act shall apply to and be imposed and levied upon (i) every person who would, had it not been for such repeal, been required to pay, on account of business done by him in the county, the State sales tax, and (ii) every person upon whom, had it not been for such repeal, the State sales tax would, on account of business done by him in the county, been levied.

(c) The rate of the sales tax levied by this Section 3, with respect to any sale or transaction subject to such tax, shall be an amount equal to one-fourth ($\frac{1}{4}$) of the rate of the State sales tax applicable thereto, as said rate is in effect on the date of enactment of this act, subject however, to the qualifications, limitations and exceptions set forth below in this Section 3.

(d) As used in this subsection (d) and in the following subsection (e), the term "seller" means any person engaged in any business subject to the tax levied by Section 3 of this act. It is the intention of the Legislature that every seller upon whom the tax levied by this Section 3 is imposed shall collect the tax from the purchaser by adding the said tax to the sales or admission price.

(e) The provisions of this subsection (e) shall apply only to those sales and transactions with respect to which the rate of the State sales tax is four per cent (4%) and only so long as such rate remains four per cent (4%) with respect to such sales and transactions. The term "sales price" as used in this subsection (e) shall have the same meaning herein as in the State sales tax statutes.

On all sales and transactions subject to the provisions of this subsection (e), the seller shall collect from the purchaser not only the tax levied in this Section 3 but also such amount as he is required to collect by the provisions of the State sales tax statutes. In order to facilitate the collection, by the seller from the purchaser, of the sales tax herein levied, the seller shall, with respect to sales and transactions subject to

this act, collect the following respective amounts on the sales of items having a sales price of less than one dollar and on that portion of the sales price of any item that is a fractional part of a dollar (which amounts shall include not only the tax levied by this Section 3 but also the amount the seller is required to collect on account of the State sales tax):

Sales Price	Tax
0 to 10¢	None
11¢ to 24¢	1¢
25¢ to 44¢	2¢
45¢ to 64¢	3¢
65¢ to 84¢	4¢
85¢ to 1.10	5¢

All amounts collected by the seller under the foregoing schedule shall be applied by the seller, first, to the discharge of payment of the State sales tax, and, second, to the discharge of payment of the tax levied by Section 3 of this act.

(f) Any sale or transaction in the county subject to the State sales tax shall be subject to the tax levied in this Section 3; provided, however, that in the event of the repeal of the State sales tax statutes any sale or transaction in the county subject to the State sales tax immediately prior to any such repeal shall be subject to the tax levied by this Section 3.

(g) Any exemption provided for by the State sales tax statutes shall, during the period of time which such exemption shall be effective in said statutes, be applicable to the tax levied by this Section 3; provided, that in the event of the repeal of the State sales tax statutes, the exemptions effective therein immediately prior to such repeal shall thereafter be applicable to the tax levied in this Section 3.

(h) In the absence of any express provision herein to the contrary, all provisions and procedures with respect to the application for and issuance of licenses, the making of returns or reports, the contents of returns or reports, collection, and payment of taxes, keeping of records, reporting and paying taxes with respect to sales on credit, determination of the amount of the tax due, penalties, assessments, notices and examinations of taxpayers and their books provided for in the State sales tax statutes with respect to the State sales tax shall be applicable to the tax levied in this Section 3, excepting, however, the procedure for appeals from assessments, which appeals shall be taken as hereinafter set forth. Any procedure or provision involving the State Department of Revenue which is incorporated herein by reference to the State sales tax statutes shall be deemed to apply, with respect to the tax levied in this Section 3, to the Commissioner of Licenses.

(i) Nothing contained in this act, however, shall be construed as imposing any additional tax or license upon or with respect to the sales made by the Alabama Alcoholic Beverage Control Board.

Section 4. Levy of Use Tax. (a) An excise tax is hereby imposed on the storage, use or other consumption in the county of tangible personal property purchased at retail on or after the effective date of this act for storage, use or other consumption in the county, at the rate of one-fourth ($\frac{1}{4}$) of the rate of the State use tax applicable thereto, as said rate is in effect on the date of enactment of this act, regardless of whether the retailer who made the sale is or is not engaged in business in the county.

(b) Any storage, use or other consumption in the county of tangible personal property subject to the State use tax shall be subject

to the use tax levied hereby at the applicable rate herein prescribed; provided that in the event of the repeal of the State use tax statutes, any such storage, use or other consumption in the county of tangible personal property purchased at retail which was subject to the State use tax immediately prior to such repeal shall continue to be subject to the use tax levied by this Section 4.

(c) Each exemption provided for in the State use tax statutes shall, during the period of time for which such exemption is therein effective, be applicable to the tax levied by this Section 4, provided that in the event of the repeal of the said State use tax statutes, the exemptions effective therein immediately prior to any such repeal shall thereafter be applicable to the tax levied in this Section 4.

(d) All provisions and procedures with respect to the filing of returns, collection and payment of taxes, keeping of records, making of reports, determination of the amount of the tax due, penalties, assessments, notices, examinations of taxpayers and their books provided in the State use tax statutes with respect to the State use tax shall be applicable to the tax levied in this Section 4 unless otherwise provided herein, excepting, however, the procedure for appeals from assessments, which appeals shall be taken as hereinafter set forth. Any procedure or provision involving the State Department of Revenue which is incorporated herein by reference to the State use tax statutes shall be deemed to apply, with respect to the tax levied in this Section 4, to the Commissioner of Licenses.

(e) Every person storing, using or otherwise consuming in the county tangible personal property purchased at retail shall be liable for the tax imposed in this Section 4 and the liability shall not be extinguished until the tax has been paid; provided, however, that a receipt from a retailer maintaining a place of business in the county, showing that the property in question was purchased at retail from such retailer and that the tax levied in Section 3 of this act has been paid with respect to the purchase at retail of such property, shall be sufficient to relieve the purchaser from further liability for a tax under this Section 4 with respect to the use, storage or consumption of such property.

Section 5. Payment and Returns. (a) The tax levied in Section 3 hereof, except as otherwise provided, shall be due and payable monthly on or before the twentieth day of the month next succeeding the month in which the tax accrues. On or before the day on which said tax becomes due and payable, every person on whom said tax is imposed shall render to the Commissioner of Licenses, on a form prescribed by the said Commissioner, a true and correct statement showing the gross sales, the gross proceeds of sales, or gross receipts of his business, as the case may be, for the then next preceding month, the amount of gross proceeds or gross receipts which are not subject to the said tax or are not to be used for a measurement of the said tax due from such person, and the nature thereof, together with such other information as the Commissioner of Licenses may require, and at the time of making such monthly report such person shall pay to the Commissioner of Licenses the amount of the tax shown to be due; provided however, that when the total tax for which any person is liable under Section 3 of this act does not exceed Ten Dollars (\$10) for any month, a quarterly return and remittance in lieu of the monthly returns and remittances may be made on or before the twentieth day of the month next succeeding the end of the quarter for which the tax is due, when specially authorized by the Commissioner of Licenses, and under such rules and regulations as may be prescribed. The Commissioner of Licenses, for good cause, may extend the time for making any return required under the provisions of this act, but the time for filing any such return shall not be extended for a period greater than thirty (30) days from the date such return is due to be made.

(b) The tax levied in Section 4 hereof shall be due and payable quarterly on or before the twentieth day of the month next succeeding the quarterly period during which the said tax shall have accrued for the storage, use or other consumption of tangible property. Every person purchasing tangible personal property the storage, use or other consumption of which is subject to the tax levied in Section 4 hereof and with respect to the retail sale of which the tax levied in Section 3 hereof has not been paid, shall, on or before the twentieth day of the month following the close of the quarterly period within which such storage, use or other consumption shall first occur, file with the Commissioner of Licenses a return for the preceding quarterly period, in such form as may be prescribed by the said Commissioner, showing the total sales price of the tangible personal property purchased by such person, the storage, use or consumption of which became subject, during the preceding quarterly period, to the tax imposed by Section 4 hereof, and such other information as the said Commissioner may deem necessary for the proper administration of the act. The return shall be accompanied by a remittance of the amount of tax levied in Section 4 hereof.

(c) Any discount at any time allowed under the State sales tax statutes, with respect to the tax levied thereby, shall at such time be applicable to the tax levied in Section 3 hereof. Any discount at any time allowed by the State use tax statutes, with respect to the tax levied thereby, shall at such time be applicable to the tax levied in Section 4 hereof.

Section 6. Taxes Constitute Debt. The taxes herein levied shall constitute a debt due the Commissioner of Licenses, and may be collected by civil suit brought within three years after the taxes become due and payable. The Commissioner of Licenses shall have the power to bring and prosecute any such suits in his own name. The provisions of this Section 6 are cumulative and this Section shall not be deemed to abridge or limit the power of the Commissioner of Licenses to use all other methods of collection that are set forth in the State sales tax statutes and the State use tax statutes and that are herein conferred on the Commissioner of Licenses by reference to such statutes or otherwise.

Section 7. Injunction Relief and Accounting. The Commissioner of Licenses may, by bill or petition filed in the Circuit Court of the County, in equity, obtain orders or decrees for either or both of the following: (a) enjoining the operation and conduct of any business activities which are subject to the tax imposed by Section 3 hereof and with respect to which the said tax is delinquent in whole or in part; and (b) an accounting as to the amount of said tax due from any person; any such bill or petition shall be brought in the name of the Commissioner of Licenses and shall be verified by him. All procedures provided for in Article 4 of Chapter 15 of Title 37 of the Code of Alabama, with respect to bills or petitions filed by municipalities under that article, the dissolution or reinstatement of injunctions, the making and forfeiting of bonds, appeals, and institution of subsequent suits shall be applicable to any proceedings for an injunction or accounting filed by the Commissioner of Licenses pursuant to the provisions of this section. The provisions of this section are cumulative and shall not be construed to replace or modify any other remedies or methods of collection available to the Commissioner of Licenses. The enforcement of the lien provided for in Section 8 hereof shall not be deemed a waiver of any right acquired by the Commissioner of Licenses against the bond of a respondent in any proceedings hereunder.

Section 8. Taxes a Lien. The taxes herein levied, together with all interest and penalties applicable thereto, shall be lien upon the property of the persons required to pay such taxes and all of the provisions of the revenue laws of the State of Alabama with respect to the enforce-

ment of liens for license taxes to the State of Alabama shall apply to the enforcement of the lien of the taxes herein levied. The said lien shall attach as of the date any tax shall be due hereunder, and the said lien shall be superior to all other liens, except the liens of the State, the county, and cities in the county securing ad valorem and license taxes and the liens of any such city securing public improvement assessments.

Section 9. Powers of the Commissioner of Licenses. The Commissioner of Licenses shall have the following powers: (1) The power to administer this act including the collection of the taxes herein levied, the payment of the expenses incurred in the administration of this act and the collection of said taxes, the distribution of the proceeds in accordance with the provisions of Section 11; (2) the power to exercise, with respect to the tax levied in Section 3 of this act, all powers and functions as to collection of taxes, giving notices, making assessments and enforcing penalties, issuing executions, summoning and examining taxpayers and other witnesses, examining books and papers, and making of demands that are conferred on the State Department of Revenue by the State sales tax statutes as to the tax levied therein; (3) the power to exercise, with respect to the tax levied in Section 4 of this Act, all powers and functions as to collection of taxes, giving notices, making assessments and jeopardy determinations and redeterminations, enforcing penalties, issuing executions, summoning and examining taxpayers and other witnesses, examining books and papers, and making of demands that are conferred on the State Department of Revenue by the State use tax statutes as to the tax levied herein; (4) the power to file and enforce the lien provided for herein as security for each of the taxes herein levied; (5) the power to bring and prosecute suits, to conduct litigation and to take any other legal action necessary to enforce the provisions of this act; (6) the power to prescribe forms and fix regulations not in conflict with provisions of this act; and (7) the power to exercise all powers incidental to, and reasonably necessary to the accomplishment of, the powers hereinabove set forth in clauses (1) to (6) of this Section.

Section 10. Appeals from Assessments. Whenever any taxpayer who has duly appeared and protested a final assessment made by the Commissioner of Licenses is dissatisfied with the assessment finally made, he may appeal from said final assessment to the Circuit Court of the county, sitting in Equity, by filing notice of appeal with the Commissioner of Licenses and with the register of said court within thirty (30) days from the date of said final assessment, and in addition thereto by giving bond conditioned to pay all costs, such bond to be filed with and approved by the register of said court. All provisions of Section 140 of Title 51, Code of Alabama of 1940, as presently drawn or as hereafter amended, pertaining to payment of an assessment unless a supersedeas bond shall be filed and approved, the burden of proof, and the procedure to be followed in appeals from the judgment of the said court, shall be applicable to appeals from final assessments made hereunder, and the Commissioner of Licenses shall have with request to such appeals all the rights conferred on and the functions assigned to the Department of Revenue by said Section 140.

Section 11. Application of Proceeds. On or before the twentieth day of each calendar month, commencing with the calendar month next following that during which the Commissioner of Licenses first collects any of the taxes levied hereby, the Commissioner of Licenses shall divide into two equal shares the total proceeds (including any interest and penalties) collected by him during the then preceding calendar month from the license and privilege taxes levied hereby.

The first such one-half shall be applied by the Commissioner of Licenses as follows: (a) he shall pay into the general treasury of the

county, for the collection of the taxes levied hereby and for the enforcement and administration of this act, an amount equal to one and one-half per cent (1½%) of the total proceeds so collected, and (b) he shall pay the balance of such one-half share into the Indigent Care Fund.

The second such one-half share shall be applied by the Commissioner of Licenses as follows:

(a) He shall pay \$100,000 of such one-half share to the Authority (or, in the event that such one-half share of the proceeds collected by him during such preceding calendar month is less than \$100,000, he shall pay all such one-half share to the Authority);

(b) In the event that the total of the amounts paid to the Authority during such calendar month (but out of collections from the then preceding calendar month) from the taxes levied by Acts numbered 524 and 525, both enacted at the 1965 Regular Session of the Legislature of Alabama, aggregates less than \$100,000, he shall also pay to the Authority such amount of such one-half share as, when added to the amounts so paid to the Authority from the taxes levied by said Acts numbered 524 and 525, will equal the sum of \$100,000; and

(c) He shall pay to the Treasurer or other custodian of funds for the Board of Health of any such county an amount equal to twenty-two percent (22%) of the total amount of the second such one-half share.

(d) He shall pay into the general treasury of the county the entire balance of such one-half share.

In the event that the county or the Authority issues any bonds, warrants or other securities for the payment of which any part of the taxes levied in this act are pledged, this act shall be deemed to constitute a contract with the holders of such bonds, warrants or other securities.

Section 12. Certain Prior Statutes Repealed. Sections 2 to 13, inclusive, of Act No. 387 enacted at the 1965 Regular Session of the Legislature of Alabama shall be repealed, as of the effective date of this act; provided, however that any person subject to Act No. 387 shall remain liable for the tax on business done by him up to the date of the repeal of said Sections of said Act the same as if said Sections had not been repealed; and all remedies for enforcing the collection of any tax due under said Act shall continue to be available the same as if the said Act had not been repealed.

Section 13. Severability. In the event that any clause, sentence, paragraph, section, part, portion or provision of this act is held invalid or unenforceable such holding shall not invalidate or adversely affect the remainder of this act, it being hereby declared that should any such clause, sentence, paragraph, section, part, portion or provision be held invalid or unenforceable, the Legislature would have enacted this act without such invalid or unenforceable clause, sentence, paragraph, section, part, portion or provision. Without in any way limiting the generality of the foregoing, the Legislature expressly declares as follows: (a) that if the provisions of this act requiring the seller to pass on to the purchaser the tax levied in Section 3 hereof should be held invalid or unenforceable, the provisions of this act levying such tax against persons on account of business activities done by them in the county and based on gross sales or gross receipts shall nonetheless remain in full force and effect in order to subject such persons to the said tax; (b) that if the provisions of subsection (e) of Section 3 of this act (establishing a so-called breakdown schedule) should be held invalid or unenforceable, the provisions of Section 3 of this act levying a privilege license tax against persons on account of business activities done by them in the

county and based on gross sales or gross receipts shall nonetheless remain in full force and effect so as to subject said persons to the said privilege or license tax; (c) that if those provisions of this act incorporating by reference future amendments to the aforesaid Act No. 100, to the aforesaid Article 11 of Chapter 20 of Title 51 or to any other statutes now in existence directly relating to the subject matter of said Act No. 100 or said Article 11 or those provisions of this act incorporating by reference statutes hereafter enacted directly relating to the subject matter of said Act No. 100 or said Article 11 and future amendments to such hereafter enacted statutes should be held invalid or unenforceable, the remaining provisions of this act shall continue in full force and effect and only those of the aforesaid statutes that are now in existence, as they now exist, shall be deemed to have been incorporated by reference herein.

Section 14. **Effective Date.** This act shall become effective on the first day of the calendar month next succeeding that during which it becomes a law.

Secretary.

SENATE MESSAGE

On motion of Mr. Bowers the House concurred in and adopted the Senate amendment to the bill, H. 140, said Senate amendment being as follows:

COMMITTEE SUBSTITUTE FOR H. B. 140

A BILL
TO BE ENTITLED
AN ACT

To further regulate the Probate Court and Office of the Judge of Probate in all counties having a population of 600,000 or more according to the last or any subsequent federal decennial census; to provide for and create the office of Assistant Judge of Probate of such Probate Court and Office of Judge of Probate; to authorize and empower the Judge of Probate of such counties to delegate duties and authority to such officer, and to prescribe further the authority, power and duties of such office, and to further provide for such office and the duties, authority and compensation for such office.

Be It Enacted by the Legislature of Alabama:

Section 1. This Act shall apply to Probate Courts and to the Office of Judge of Probate in all counties having a population of 600,000 or more, according to the last or any subsequent decennial federal census. There shall be an Assistant Judge of Probate in each said county, who shall be learned in the law, over the age of twenty-five years and a resident of the county for one year or more next preceding the date of taking office, who shall be appointed by the Judge of Probate from a list of three eligibles selected and submitted to him as follows: If there is in such county a Judicial Commission pursuant to law or any amendment to the Constitution of Alabama to select eligibles for appointment to vacancies in the office of Circuit Judge in such county, the Judicial Commission shall accept applications and submit the names of the three best qualified persons to the Judge of Probate, in the same manner as the Judicial Commission would select eligibles for appointment to a Circuit Judge vacancy. If there is no such Judicial Commission in such county, or if such Judicial Commission fails to act, then a committee composed of three members—(1) one of whom shall be a circuit judge of such county appointed by the presiding judge of the circuit court of such county, (2) one shall be a practicing lawyer experienced in probate court matters in such county to be appointed by the president of the Bar Association having the largest membership in such county, and (3) one shall be a non-member of the Bar Association appointed by the County Commission or other county governing body—shall receive applications and certify the three deemed best qualified for such office. Vacancies shall be filled in like manner. The members of such Judicial Commission or other committee shall serve without compensation for such services.

Section 2. Under the general authority, supervision and direction of the Judge of Probate, such Assistant Judge shall be the chief administrative officer of such probate court, and further shall have the following authority and powers:

1. All of the powers, authority and responsibilities now vested or which may hereafter be vested by law in the chief clerk of such court, and specifically all powers, duties, authority and responsibilities provided in Chapter 5 of Title 13 Code of Alabama of 1940 as recompiled by 1958 Code, for the chief clerk.

2. All authority, powers, duties and responsibilities of the clerk-and-register of any such probate court, as provided in Act No. 558 of the Regular Session of 1959 of the Legislature of Alabama.

3. To serve as master and hold references in matters involving contested claims and ascertainment of condemnation awards, and make written report of the findings.

4. To appoint administrators ad litem and appoint notaries public and to appoint legal representatives for recipients of public assistance funds, when such duties and authority is vested in the judge of probate.

5. To hear and determine petitions for adoptions, change of names, legitimations, annexation and other municipal elections, and applications for commitment of mental patients, where there is no contest.

6. To do all other acts and things and perform all other duties, where there is no contest, that the judge of probate could do and perform.

7. The Assistant Judge shall be a full time employee and shall not engage in any other employment.

All of the official acts of such Assistant Judge of Probate must be performed in the name of the Judge of Probate, except as otherwise authorized by law. The assistant judge of probate may be appointed to serve as special judge of probate in accordance with such authority as is now provided by Section 310 of Title 13, Code of Alabama.

Section 3. Such Assistant Judge of Probate, before he enters upon his duties, must take the oath directed to be taken by the officers of this state, and give bond, with surety, in the manner and as required of the chief clerk of the probate court under the same conditions and penalties as are provided in Section 301 of Title 13, Code of Alabama of 1940, as amended, by 1958 Recompiled Code, and other provisions of law applicable to such office in such county, the costs and expenses of which shall be paid for as costs of the official bonds for other county officers in such county are paid.

Section 4. The Assistant Judge of Probate shall be a county officer, and shall serve under the provisions of laws applicable to such office, and he shall be entitled to the same benefits as other county officers are entitled. He shall be subject to the same liabilities, penalties and responsibilities for his acts as are provided by law for or on the Judge of Probate. The Assistant Judge (or Associate Judge) shall hold office for the term of the judge appointing him, but subject to removal by the Judge for cause by order to be entered at length on the minutes of the court. The beginning salary for the first named Assistant Probate Judge shall be a sum not less than \$15,000.00 nor more than \$16,500.00 per year, to be fixed and approved by the County Commission or other County Governing body, and such salary shall be paid and increased or lowered as other county officers salaries are increased or lowered, and paid.

Section 5. The provisions of this Act are severable. If any part of the Act is declared invalid, such declaration shall not affect the part which remains. This Act is cumulative.

Section 6. This Act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

All expenses of the division of state parks of the department of conservation, including its pro rata portion of administrative expenses of said department, shall be payable from said fund on the requisition of the director of conservation. Provided, however, no funds shall be withdrawn nor expended for any purpose whatsoever unless the same shall have been allotted and budgeted in accordance with the provisions of Title 55, Chapter 4, Article 3 of the Code of Alabama of 1940, and only in the amounts and for the purposes provided by the legislature in the general appropriation bill. McDOWELL LEE,
Secretary.

SENATE MESSAGE

On the motion of Mr. Marr the House concurred in and adopted the Senate amendment to the bill, H. 121, said Senate amendment being as follows:

SUBSTITUTE TO H. 121

By Mr. McDermott:

A BILL TO BE ENTITLED AN ACT

To amend Code of Alabama 1940, Title 7, Sections 727, 728, 729, 735, 737 and 739 for the purpose of regulating further the period in which real estate or any interest therein, which has been sold under the power of sale in a deed of trust or mortgage, may be redeemed.

Be It Enacted by the Legislature of Alabama:

Section 1. Code of Alabama 1940, Title 7, Sections 727, 728, 729, 735, 737 and 739, are hereby amended to read as follows:

"Section 727. Where real estate, or any interest therein, is sold under execution, or by virtue of any decree in the circuit court, or under any deed of trust, or power of sale in a mortgage, the same may be redeemed by the debtor, junior mortgagee, vendee of the debtor, or assignee of the equity or statutory right of redemption, wife, widow, child, heir at law, devisee, or any vendee or assignee of the right of redemption

under this Code, from the purchaser, or his vendee, within two years thereafter in the manner provided in this chapter, except when the deed of trust or the mortgage under which the sale is made in express terms prescribes a period of not less than six months after foreclosure within which the real estate or any interest therein may be redeemed. In such a case the right of redemption is lost if not exercised within the time prescribed in the instrument authorizing the sale.

"Section 728. The priority of the rights of the several persons or parties mentioned in the preceding section, to redeem, shall be in the order in which they are mentioned therein; but any person or party who is entitled to redeem may give notice of his intention to redeem, to those having prior rights to redeem, and if such persons to whom notice is thus given do not redeem or bring suit to redeem within sixty days after the service of such notice, then the party giving the notice may, within thirty days thereafter, exercise his right to redeem by suit or otherwise and no further redemption by the parties so notified may be made. The notice shall be in writing, served upon the party, if a resident of this state and can be found. If not found, or if a nonresident, the notice may be given by registered letter, requiring signed return receipt, sent to his last known address, or by publication once a week for three successive weeks in some newspaper published in the county where all or a portion of the lands sought to be redeemed are situated. In those instances in which redemptions may, pursuant to the preceding section, be made within two years after the sale if no redemption is made as provided in this section within twelve months from the day of sale, anyone entitled to redeem may do so thereafter without giving the notice provided for herein, and the property may not be again redeemed from said redemptioner.

"Section 729. In the event a junior mortgagee, or judgment creditor redeem from a prior mortgagee or judgment creditor, the debtor's wife, widow, children, heirs or devisees may redeem from such junior mortgagee or judgment creditor by paying to the junior mortgagee or judgment creditor the amount which he paid to redeem, together with ten per cent interest thereon from the time he paid it, together with the amount of the debt secured by the junior mortgage or judgment creditor, together with the interest and all lawful charges upon the premises which have accrued after the redemption by the junior mortgagee or judgment creditor. The redemption from the junior mortgagee or judgment creditor provided for in this section shall be made within the same time after the original sale and in the manner and mode prescribed for redemption from the first or senior mortgagees or other purchasers at the execution or judicial sales.

"Section 735. All judgment creditors of the debtor, who, without fraud or collusion, had obtained such judgment before the sale of the land, or within such time thereafter as is allowed by law for the redemption thereof, except by confession of the debtor, may in like manner redeem the land from such purchaser, or anyone claiming under him, by paying or tendering the amount bid for such land at a sale thereof, and ten per cent per annum thereon, together with all lawful charges; and by further offering to credit the debtor upon a subsisting judgment with a sum at least equal to ten per cent of the amount originally bid for the land; or to cancel his judgment, if it be less than ten per cent of the amount originally bid for the land; and upon such payment or tender being made, and credit given, or cancellation made, to the debtor, the title to such land vests in the creditor, and the purchaser must convey to him such title as he has, at the costs of the creditor.

"Section 737. One creditor may in like manner, within the time allowed by law for redemption after the sale of land, redeem it from another creditor; and in that case, the creditor offering to redeem must pay or tender to the creditor in possession the amount he had to pay to

obtain the land, with ten per cent per annum thereon and must offer to credit the debtor as provided in the preceding section.

"Section 739. No redemption by a judgment creditor from the purchaser or his vendee, or by one judgment creditor from another, shall operate to defeat the rights of redemption in this chapter secured to the debtor, his vendee, junior mortgagee, or assignee of the equity of redemption, or of a child to whom the debtor had conveyed the land; but any one of such persons who would be entitled to redeem as against the purchaser or his vendee, may, within the same time after the sale allowed by law for redeeming from the purchaser at such sale, redeem from the last redeeming judgment creditor, or his vendee, by paying or tendering the amount such creditor had to pay to obtain the land, with ten per cent per annum thereon, and all other lawful charges, including in such charges the amount of the credit entered by such creditor upon his judgment against the debtor for the purpose of redeeming, with interest thereon; but if such creditor or his vendee shall respond by offering to credit and actually crediting the debtor upon a subsisting judgment in a sum less than the whole amount due upon such judgment, or by offering to enter and actually entering satisfaction thereof, he may retain the land unless the party offering to redeem shall also pay, within the time allowed him to redeem, the amount of the credit so entered, or the amount due upon such judgment at the time such satisfaction was entered, as the case may be, with interest thereon, if any. If, upon such application to redeem, the creditor shall limit his credit to a sum less than the whole amount due upon the judgment, he cannot, by the entry of further credits or of satisfaction, add to the amount to be paid on redemption."

Section 2. This Act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.
